## 13 STATES BLOCK CHILD LABOR LAW

### IMPOSSIBLE TO GET MAJORITY OF STATE VOTE

California and Arkansas Alone Favor Amendment to Constitution

WILL LOWER STANDARDS

Wisconsin Proponents Will Continue to Fight in State Legislature

By Associated Press  
Chicago—Beaten in either the legislature or by referendum in 13 states, the child labor amendment to the federal constitution virtually has been defeated.

The adverse action of the 13 has rendered impossible the necessary ratification by three-fourths of the 48 states, unless some of the legislatures opposed to ratification vote to reconsider. So far no move in that direction has been made.

Sixteen states have considered the congressional proposal to amend the constitution so congress might legislate in regard to employment of children under 18 years of age. One of both houses of the legislature rejected the amendment in North and South Carolina, Georgia, Louisiana, Texas, Oklahoma, North and South Dakota, Kansas, Ohio, Washington and Delaware.

In Massachusetts the proposed amendment was rejected by a referendum vote last November. In Washington, the state senate has sent the house a bill which would submit the amendment to the people in 1926.

The senate of Wyoming has voted to postpone indefinitely a resolution of ratification.

California and Arkansas were the only states favoring the proposal. Reconsideration in several states is unlikely because of the large vote against ratification.

Chicago—The discrediting of national control of child labor has gone arm and arm with discrediting of state control. Owen R. Lovejoy, general secretary, National Child Labor committee, declared in an address prepared for delivery Wednesday before the City club of Chicago.

States in voting against ratification have gone on record against child labor standards, he asserted. "The next step is the capitalization of the defeat of the amendment in the adverse states by bringing about a lowering of their nominal standards or a laxness of enforcement," he asserted.

"The trend of child protection which was upward while congress had power to enact child labor laws, may be expected to be lowered wherever the amendment is defeated, and once several states lower their nominal and actual standards other states will be forced to follow."

The holy name of state rights is easily forgotten when employers wish their laborers sober and unctuously invoked when they wish their laborers young," he said.

Madison—Proponents of ratification of the federal child labor amendment will continue their fight for action by the Wisconsin legislature regardless of the action in other states, leaders in both houses said Wednesday.

State Senator Joseph A. Padway Milwaukee whose resolution providing for ratification will be taken up by the senate committee on agriculture, labor and industries Thursday, declared that he intended to press the proposal to a final decision. There is no time limit on ratification of the amendment, he said, adding that "we will fight for a child labor amendment for the next hundred years, if necessary."

Assemblyman William Coleman, Milwaukee, who has a similar resolution in the lower house, voiced the same determination as that of Senator Padway. He said that supporters of the amendment, including the Socialist group of which he and Senator Padway are members, would continue their activities.

The assembly committee on labor will hold its first hearing on the child labor proposals after the senate hearing Thursday, according to Mr. Coleman, a member of the committee. The hearings in the lower house probably will be held next week, he said.

### "CORPSE" REVIVES ON WAY TO MORGUE OVER ROCKY ROADS

Milwaukee—A passenger in the coroner's "death wagon" is not expected to complain about accommodations in the ambulance or the speed with which it goes to the morgue. Consequently Henry Eichler, assistant coroner, was nonplussed Tuesday when a "body" he was bringing in suddenly roared "Careful over those bumps!"

The modern Lazarus is Haakon Stansson. The assistant coroner went to the Johnson bridge Tuesday when police reported that a body had been taken from the river.

Stansson a draughtsman fell into the icy water while he was making an inspection of the bridge. He was brought out unconscious by a bridge tender. Stansson weighs 220 pounds and the rescue was slow and difficult. Efforts to revive him were futile and he was placed in the wagon for the drive to the morgue. He recovered unexpectedly and protested that he was being taken to the morgue prematurely.

### STONE ISSUES DEFIT TO HOSTILE SENATE

Attorney General Will Prosecute Senator Wheeler Despite Opposition

By Associated Press  
Washington, D. C.—Senators who are blocking Attorney General Stone's nomination to the supreme court because of his part in the Wheeler case were told flatly by Mr. Stone Wednesday that the proceedings against Senator Wheeler not only would continue but that he, as attorney general, accepted full personal responsibility for them.

Facing Senator Wheeler and his Montana colleague and counsel, Senator Walsh, across the conference table of the senate judiciary committee, the attorney general said the evidence gathered by the justice department for the presentation to a grand jury here next week to defraud government but led to an inevitable impression that Senator Wheeler was connected with some of the actions complained of.

Without mentioning directly the charge of some senators that Senator Wheeler is being "persecuted" by an attempt to try him far away from home in a case already pending in Montana, Mr. Stone declared he regarded the two proceedings as entirely independent of one another.

Senator Walsh cross examined the Attorney General at length but the latter declined to go into detail as the evidence which is in the government's possession and for the hearing of which such a grand jury was impaneled, in the District of Columbia Supreme Court.

### Dog Teams Rush Help To Nome In Epidemic

Anchorage, Alaska—Moving on a 400-mile snow covered path, the fastest and most faithful dog teams in this district were on the road to Nenana, Alaska, Wednesday, in a race against the advance of an epidemic of diphtheria raging at Nome. The teams carried 300,000 units of antitoxin to be used in fighting the epidemic. Four deaths have been reported there since the outbreak Tuesday.

The serum which left here for Nenana, north of Anchorage, was supplied by Dr. J. B. Beeson who made a 600-mile race against death in 1920 by a dog team with diphtheria antitoxin to Iditarod.

The United States Signal Corps issued a call for dog teams throughout the subarctic region and many seasoned mushers responded. They were reported ready to enter teams in the relay.

When the serum reaches Nenana it will be transferred to a team of nine dogs owned by William Shannon,

### BILL WOULD CLEAR UP BADGER TRADING STAMP PROHIBITION

Madison—The so called trading stamp law of Wisconsin would be amended to permit the distribution by newspapers of coupons in advertisements, under a bill which state Senator Joseph A. Padway, Milwaukee, announced he would introduce into the legislature Wednesday.

The bill was drafted following a conference in the office of Attorney General Herman L. Ekern late Tuesday. The present law prohibits the issuance of any trading stamps, tokens, ticket bond or other similar device to be exchanged for goods, allowing only coupons redeemable in cash. Interpretations of the law left some doubt as to the right of newspapers to publish coupons in advertisements, Senator Padway said, and his bill was drafted to clear up this point.

The bill provides that the publication by or distribution through newspapers or other publications of coupons in advertisements other than their own shall not be considered a violation of the law. Great loss would result to newspapers if such publication was prohibited, according to Senator Padway.

### COOLIDGE PUTS NEW EMPHASIS UPON ECONOMY

President Puts Finger on Lobbying, Most Dangerous Obstacle to Budget

WINS ONLY HALF BATTLE

Everybody Wants Economy but in His Neighbor's Department

BY DAVID LAWRENCE  
Copyright 1925 B. The Post Pub. Co.  
Washington, D. C.—The paramount policy of the administration of President Coolidge—economy in practice as well as theory—has been impressed upon the business organization of the government with new emphasis.

The president put his finger on one of the most dangerous obstacles that have arisen since the budget system was adopted—the lobbying in congress by lesser officials of the government for higher appropriations than were recommended by the director of the budget and approved by the chief executive.

Mr. Coolidge warned his subordinates that it was not only a violation of the spirit but the letter of the law if they went before congressional committees and advanced higher appropriations than his financial policy deemed wise. He was quick to point out however that there is a distinction between advocating appropriations and giving congressional committees complete information.

It is, however, should ask a subordinate official on the basis of the information he gives whether a higher sum should be appropriated to carry out a given objective all that he will be able to say is that he cannot express an opinion which may be construed as contrary to the fiscal policy of the executive. From that congress will have to draw its own conclusions.

This rather vague advocacy of a given appropriation, however, is not what the president is trying to eliminate so much as the activity of officials who have friends in congress and who tell them privately what ought and what ought not to be done with respect to appropriations.

There is a question, too, of what an army of navy officer can do and what the secretary of war or secretary of the interior can do in reference to points on which experts advise is necessary. The assumption is that all the debate has taken place when the item is before the director of the budget and that when once an item is excluded that it is the end of it for the fiscal year.

Mr. Coolidge's ideas on economy have been accepted in good spirit in most quarters here but there has been a tendency to insist that the pruning he applied to something else besides the thing in which a cabinet officer or his subordinates might be interested. Everybody has been for economy in the other fellow's department. Mr. Coolidge's speech to the business organization of the government was intended to impress on every one that the budget was not to be disturbed when once recommended by the executive and that their troubles should be threshed out inside the executive departments and in cabinet council and not before congressional committees.

Mr. Coolidge, however, has won only half the battle when he corals the executive department officials and keeps them from advocating increases to the budget. Congress receives most of its pleas for appropriations from outside the government. Persons and organizations interested in particular projects will transfer their activities to Capitol Hill if they have been depending on recommendations by cabinet secretaries.

Young Woman Injects New Element in Inquiry With Four Letters Considered Decidedly Important

Miss Estelle Eleanor Gehling has injected a new element into the investigation of the death of William M'Clintock, Chicago's millionaire orphan. She has handed to authorities four letters which she received from William Shepherd, foster father of young M'Clintock, and drawer of the will which made him chief beneficiary. Chief Justice Harry Olson says the letters would be decidedly important.

### MAY WHEAT JUMPS TO \$2 MARK ON OPENING ON CHICAGO MARKET

Chicago—May wheat Wednesday went above the \$2.00 mark shortly after the opening of the board of trade session here. General buying by commission houses took place after the opening and absorbed profit-taking sales which quickly sent initial values upward.

Initial quotations on May delivery were 19 1/2 to \$2.00 in a gain of 3/4 to 1/2 cents over Tuesday's finish. European news continued bullish Wednesday and with increased buying the May delivery went fractionally above the two dollar mark, the outside figure made during the Hutchinson deal of 1924 when wheat for future delivery reached \$2.00.

With the exception of 1916, the price attained during the early deal was the highest since 1905, when wheat for immediate delivery sold at \$2.20 in November.

Shanghai—General Chi Hsieh Yuan who recently captured the environs of Shanghai from the adherents of the present Peking government but whose army was defeated early this week at Wushu, 80 miles west of here, left with his family Wednesday on the steamer Nicksu Maru for Moji, Japan. This he is believed to mean that the fight for the possession of Shanghai is definitely ended.

### AUTO ACCIDENT IS MEANS OF SAVING VICTIM FROM DEATH

Gary, Ind.—As a result of an automobile accident, Manuel Gomez will live, hospital physicians declared Wednesday.

Sounds paradoxical, but isn't Tuesday night Gomez was hit by an automobile and picked up as dead. First he was taken to an undertaking establishment. Then when signs of life returned, he was rushed to a hospital.

Physicians there diagnosed his injuries as of minor import, but found Gomez suffering from appendicitis in an extreme stage. Surgeons declared Gomez would have died within five hours of poison had he not been brought to the hospital.

### U. S. MUST REDUCE DEBT, DUBOIS SAYS

America Must Reduce Claims in Her Own Interests, Frenchman Asserts

Paris—Referring to the debt of France to the United States from what he characterized as a business man's viewpoint, Louis Dubois, for president of the reparations commission declared at the conclusion of a speech in the chamber of deputies Thursday that the United States must considerably reduce her claims against France, not only in equity and right but also to safeguard her own interests.

Mr. Dubois based his arguments upon figures, the accuracy of which he touched for through the knowledge he had acquired while heading the reparations commission. He paid special attention to the recent speech of Senator Borah on the debt question, asserting that instead of the 26,000,000,000 gold marks (\$3,500,000,000) which Senator Borah said France had received from Germany on reparations account, he (Dubois) had ascertained the figures to show that Germany had paid to last September had paid to all the allies according to reparations commission figures less than \$500,000,000 gold marks, of which more than 5,500,000,000 were occupation costs and coal advances under the Spa agreement.

### Klan Will Bury Slain Leader In Great Pomp

Herrin, Ill.—Herrin will bury the last of its latest feudal dead Thursday. The body of S. Glenn Young, Ku Klux Klan leader, who was shot "it out" with Deputy Sheriff Ora Thomas, an arch enemy, Saturday, resulting in the death of both and two others, will be interred here Thursday. The Klan will conduct the ceremonies.

Ed Forbes and Homer Warren, reputed Klan sympathizers killed in the duel, also were buried Monday. The coroner's inquest into the fatal shooting was continued Wednesday with supporters of Thomas and Young for questioning. The jury will adjourn Thursday. Coroner Hell said a verdict placing blame for the affair is expected Wednesday night.

Two sessions of the inquest were held Tuesday night with most witnesses giving evidence tending to substantiate Mrs. Young's contention that her husband was ambushed in the cigar store where the pistol duel took place. A pistol shot was said to have attracted Young and his followers to the store where they found it out with Thomas. Ross Litz,

anby, night watchman was named as the one who fired the shot. Jack Rowe testified that when Young entered the store Thomas pulled out his pistol and approached the Klan leader while the latter warned him against violence. He said Rowe was in the store at the time, he said.

"Thomas fired and for the first time Young fumbled on the 'draw' Rowe declared. Young fired three bullets at Thomas as he lay fatally wounded," the witness added. It was not disclosed definitely Tuesday how Warren and Forbes met death.

In connection with the funeral services for Young the military authorities have announced that no Klan demonstration such as the appearance of members in robes and the carrying of burning crosses would be permitted within the city limits. At the grave the Klan will conduct its usual rituals for dead members. The Klanmen there will be fully armed. It was announced that if thousands of persons are expected to attend Klan chapters throughout the state have been invited to send members for the services.

### TITUS PLAN ADOPTED BY BOTH HOUSES

Assembly Concurs in Measure Approved by Upper House Tuesday

MILLER OBJECTS TO MOVE

River Falls City Commission Would Abolish Rail Commission

By Associated Press  
Madison—The state printing board is requested by the legislature to publish in the 1925 Blue Book the names and salaries of officers, members and employees of all state boards and commissions with the incomes and sources of income of all such governmental agencies. The assembly Wednesday concurred in the joint resolution by Senator W. A. Titus. From du Lac, approved by the Senate Tuesday.

The Titus resolution was approved by the assembly, viva voce under suspension of the rules. The rules were suspended 58 to 27, on motion of Conrad Shearer, Kenosha, after A. M. Miller, Kaukauna, had objected to making the resolution privileged.

Mr. Miller suggested that the resolution be referred to committee. The assembly voted concurrence, however, without a fight.

Assemblyman John W. Eber, Milwaukee introduced another proposal for a referendum on the child labor amendment. His resolution is similar to a measure already offered by E. B. Miner, New Richmond.

Measures introduced into the assembly include: Weber resolution increasing the salary of Legislators from \$500 to \$1,500 per session; Eber bill creating a court of domestic relations in Milwaukee; and providing that automobiles stop at railroad crossings; Barber bill, depriving justices of the peace of Marathon of criminal jurisdiction.

### FAVOR AMENDMENT

Additional petitions were submitted in favor of ratification of child labor amendment.

The city commission of River Falls asked abolition of the state railroad commission.

An important taxation bill was offered in the senate by the senate committee on corporations which aims to repeal the statutes providing for taxation of capital stock of state and national banks, trust companies and savings corporations and substituting provision for taxation of the income of all such banks.

A joint resolution offered by Senator Walter Polakowski of Milwaukee, would create a state owned printing plant to publish all printing matter authorized by the state legislature including the legislative bills, resolutions and journals. According to the resolution the state now pays out \$1,000,000 for such printing under the contract system and much of this would be saved.

### Don't Make a Junk Pile of Your Attic

There's never a day goes by that some man isn't nearly late for work due to having had to help his wife drag to the attic some piece of household goods no longer in use.

Mrs. R. Krabbe 1435 Superior Avenue had a baby buggy for which she no longer had need. But she wasn't going to consign it to the attic to be come covered with dust. On the contrary she was going to have it covered with cash by advertising it in the classified section of the Post-Crescent.

That baby buggy was sold the first day, the ad appeared no less than twenty people having sought to buy it.

For the classified ads and keep your attic empty. When you have household goods no longer needed calling 747 and asking for an advertiser will tell them.

## HEILIG RETURNS FROM CONCLAVE OF SCHOOL HEADS

Vocational School Chiefs Will Reorganize Entire Plan of State Board

H. H. Heilig, director of Appleton Vocational School, returned Tuesday evening from Madison where he attended a conference of directors of all vocational schools of the state, Friday and Saturday and a meeting of representatives of the educational committees of the Better Cities contest on Monday. Mr. Heilig is secretary of the Appleton educational committee.

Plans were presented at the directors conference for teacher certification and special teacher training and discussion on these subjects followed. A committee was appointed consisting of G. J. Ehart, Janesville, chairman; H. H. Heilig, Appleton; H. O. Elcken, Antigo; J. B. Coleman, La Crosse; E. F. Randall, Kenosha, to reorganize the entire plan of vocational education presented by the state board. This committee will meet in Milwaukee on Feb. 1. Definite plans are under way for the offer of summer school courses at Stout Institute and the University of Wisconsin and special commercial work at Whitewater Normal school during the coming summer.

Points awarded in the educational field in the Better Cities contest were discussed and reorganized at the meeting of representatives of all cities concerned on Monday. A new bulletin will be issued by the central committee with these revisions in the future. Education is counted as 4,000 of a possible 15,000 points which a perfect city can score in the new revision. Dr. D. O. Kinsman, chairman of the local educational committee, attended the meeting with Mr. Heilig.

## \$50,000 WILL BE RAISED FOR HOME FOR FONDY BISHOP

Diocesan Council Votes to Build Residence and Provide Endowment Fund

Three laymen represented All Saints church of Appleton at the annual council of the Fond du Lac diocese of the Episcopal church Tuesday. They were Seymour Gansner, Charles Baker and George L. Smith.

The council was opened by a mass at which Rt. Rev. R. H. Weller bishop of the diocese, delivered his annual address. The mass was celebrated by Bishop Weller, assisted by the Rev. Francis G. Parker of St. John's church of Shawano, as deacon, the Rev. Carl W. Both of the Church of the Intercession, Stevens Point, as sub-deacon, and the Rev. H. S. Stanton, Sheboygan Falls, as master of ceremonies.

The council of the authorized raising a fund of \$50,000 of which \$30,000 will be used in the construction of a new residence for the bishop of the diocese in Fond du Lac.

The remaining \$20,000 will be used as a permanent endowment for the expense of the residence.

A telegram of felicitation was sent to the Rev. C. Gray, Peoria, Ill., who has been elected bishop of northern Indiana. A telegram was also sent to Bishop Webb, Milwaukee, where a meeting of the Milwaukee diocese is now in progress.

Delegates to the general Episcopal conference at New Orleans next October and members of the provincial senate and ecclesiastical court were elected.

Those who will represent the diocese at New Orleans are:

The Rev. R. A. Eberon, Menasha; the Rev. W. C. Way, Wausau; the Rev. E. W. Todd, Oshkosh. Lay delegates will be Hamilton Roddis, Marshfield.

## SEEK BIDS TO BUILD OFFICE FOR SHERIFF

At a meeting of the county grounds and building committee Tuesday, John L. Hantschel, county clerk, was instructed to advertise for bids on making certain alterations on the second floor of the courthouse in order to provide an office for the sheriff. The office is to be built in on the stair landing adjoining the office of the assessor of incomes. The present office quarters in the municipal court room are considered unsatisfactory inasmuch as telephone calls for the sheriff disturb the court sessions.

## ELECT NASHOTA DEAN BISHOP COADJUTOR

By Associated Press Milwaukee—Dean Benjamin F. P. Ivins of the Nashota theological seminary, was elected bishop-coadjutor on the first ballot at the election of the Milwaukee Episcopal diocesan council here Wednesday. Bishop Ivins had a clear majority of both clergy and laity.

E. O. Brown, Rhinelander, Harry Price, Neenah and A. R. Owen, of Owen. The provincial senate will consist of the Rev. Heron, Neenah, the Rev. Way, the Rev. Keicher, Chilton, and the Rev. Blackman, Algona, Paul Keicher, Appleton and F. W. Parker, Shawano.

Mrs. Ruth Davis of Oshkosh was named assistant trustee for the children's home of this city.

## LOAN OF \$65,000 IS AUTHORIZED BY COUNTY BOARD

County Funds Are Overdrawn Because of Numerous Unusual Expenditures

A loan of \$65,000 to tide the county over until Mar. 1 was authorized by the county board of supervisors at a special meeting in the courthouse Tuesday afternoon. The chairman and the clerk were authorized to draw upon the bank for money not to exceed that amount with interest at not more than 6 per cent.

Funds were overdrawn on account of a number of unusual expenditures all of which had been authorized by the board. These expenditures totaled \$61,979 and included \$20,000 for repairing and renovating the courthouse, \$2,000 for surety bonds on the county depository, \$7,500 for asylum insurance, \$779 for storm windows on the county training school, an excess of \$3,000 for elections, an excess of \$21,000 of delinquent taxes, over those of last year, \$1,400 for an automobile for the county nurse, a donation of \$900 to an Indian woman, \$700 for the Kaukauna Midwinter fair, an excess of \$1,000 for county board expenses, \$800 for blankets and wiring in the workhouse, \$300 for dance hall supervision and \$2,600 for the Dietler murder trial.

When the grounds and building committee was authorized to repair

## EXPECT GERMANS WILL SEEK SECURITY PACT

By Associated Press Paris—The French government has received from Berlin reliable information tending to indicate that the German government will within a day or two make a move to cur France and Belgium on the question of a security pact among the three powers. There have been intimations from Berlin recently that Germany was preparing for such a step.

the courthouse, it was not expected that building had deteriorated as much as it did. In the past the bank containing the county deposits furnished only personal bonds, but this year the county decided to take surety bonds and had to pay for them. The county paid the insurance on the asylum, which in previous years had been paid out of the asylum revenue by the asylum trustees. County supervisors' salaries were raised by legislature from \$4 to \$6 a day, which brought about an additional expenditure.

Thirty-eight of the 41 supervisors attended the meeting. Malachi Ryan was recognized by the board as a member to fill the unexpired term of Henry Jansen, Combined Locks, who died recently. Mr. Ryan is a brother of the late D. J. Ryan, former county chairman.

## STAGE AND SCREEN

### TIGER ROSE

"It's worth having, it's worth while waiting for," that's what the Warner Brothers seem to think in making us wait for their prize production of the year, David Belasco's "Tiger Rose."

Indeed it is many months since we read the announcement that Lenore Ulric, the star who created the title role on the legitimate stage, was going to portray the same part in the film production.

But it is a long road that has no ending, and now the Appleton Theatre announces that "Tiger Rose," a Sidney Franklin Production, is going to play 3 days beginning Thursday.

It was in the original stage play that Lenore Ulric really rose to great fame as "Tiger Rose," the wildest child of the primitive northland, and for two years, night after night, she played to capacity audiences on Broadway. In this play she proved herself an actress of the highest calibre, and well earns the title of "David Belasco's greatest star." For another year the play travelled about the country showing at the principal cities and meeting with a success only equalled by its run in New York City.

According to all indications, the screen version promises to be a great improvement over the stage play, this being due to the far greater possibilities afforded the camera in photographing the immense and beautiful outdoors—the wild and virgin woodlands stretching out as far as the eye can see until it seems to meet the sky in the purple horizon.

In "Tiger Rose," she plays a part that permits her to run the entire gamut of human emotions, from the fearless child of the woods on into the woman's land of romance where her heart is frayed and beaten by circumstances beyond her control. She lives and fights in a world of men and in the end she attains her goal and comes out triumphant.

The supporting cast naturally is composed of some of the best known and highest paid artists in the field. They are Forrest Stanley, Joseph Dowling, Andre De Berger, Sam De Grasse, and Theodore Von Eltz. The scenario was written by Edmund Goulding and Millard Webb, well known novelist and short story writer, and the direction was under Sid

CORINNE GRIFFITH ADDS LAURELS TO HER CROWN

Admired of Corinne Griffith's screen charms have a rare opportunity of seeing her in contrast in "Love's Wilderness," her latest First National film, at the Elite theatre. Not only does Corinne reveal new splendors in her gowns and riding costumes, but in one sentence she fits herself into the drab, coarse setting of the Canadian woods, to which she has cloped with an adventurer. And at the start of the story she presents a quaint picture as an old-fashioned Southern girl, brought up by two stern maiden aunts.

"SINNERS IN SILK"

Heralded as the best picture yet of the jazz series, "Sinners in Silk," a Hobart Henley production, comes to the Elite theatre on Thursday and Friday for a run of two days. It tells not only of youthful revellers growing older, but of elderly revellers growing younger, and is said to contain some of the peppiest and most interesting scenes yet made of life in the younger smart set.

The elderly group which enters the life of today is represented in the picture by Adolph Menjou, who plays the role of a gentleman of uncertain years who takes the Steinbach rejuvenation treatment and jumps with a bang into the high powered activities of younger society. Menjou, who has become a firm favorite in parts

## DISPOSE OF TOY CO.'S STOCK AT FORCED SALE

Toys, raw material and other forms of manufacturers' stock of the Toy Company of America were disposed of at a sheriff's sale conducted by Sheriff P. G. Schwartz at 10 o'clock Wednesday morning at the toy factory. The stock was sold to Outagamie County bank as the highest bidder. The price was \$8,995. The bank had foreclosed on a \$10,000 chattel mortgage on the stock, executed by C. L. Wiggins, president of the toy company. The plant has not been in operation since December when George A. Whiting of Neenah foreclosed on another \$10,000 chattel mortgage on the machinery.

where he appears as a wise, cynical and yet humorous individual, is said to be more wise, cynical and humorous than ever before in this production.

### ONE OF FINEST PICTURE CASTS

One of the finest casts ever assembled will be seen in "Behold This Woman" at the New Bijou Theatre Thursday and Friday. Irene Rich, who was last seen here in "Rosita" and "The Gold Diggers," plays the part of the motion picture star Marguerite de la Motte, one of the young beauties of the screen, who was seen in "The Famous Mrs. Fair," "Gladys" and other super-features, is cast as Sophie Charles Post, who is 6 feet 6 inches tall and the largest leading man in pictures, plays the part of the cattleman.

Harry Myers, long a screen favorite and who won his greatest fame in "The Connecticut Yankee," plays delightfully the insouciant De Seyre. Rosemary Theby, recently seen in "The Girl of the Golden West," "Rich Men's Wives" and "Yellow Men and Gold," plays Calavera, the vampire. Anders Randolph will be seen for the first time in many years in a Vitagraph production as Stephen Strange-way, the bitter man of the range.

The acts showing the smart life in Hollywood and the locations used for the ranch episodes provide a variety of color and background, which Stuart Blackton, the producer, has used most effectively for pictorial beauty.

## POULTRY FILLING COOPS IN ARMORY

Poultry for the annual show of the Fox River Valley Poultry and Pet Stock Association arrived in Appleton on Wednesday, which is entry day, from all parts of Wisconsin. The actual exhibition will be Thursday, Friday, Saturday and Sunday. Between 800 and 900 birds will be housed in Armory G during the show. School children are to be admitted free up to 5 o'clock on Friday, provided they are accompanied by their teachers.

Wilbur Belling returned to Camp Grant, Ill., Wednesday after spending a short leave of absence with Appleton friends.

## HEADS OF SUNDAY SCHOOLS HERE TO ORGANIZE CLUBS

Religious Workers Get Together Monday Evening to Discuss Problems

Superintendents of all the cooperating Sunday schools of Appleton, an assistant superintendent of each school, representatives of the religious day school and representatives of the Y. M. C. A. will meet Monday evening at the Y. M. C. A. for the purpose of organizing a Sunday school superintendents club. The meeting will be preceded by a supper at 8:30. The purpose of the club is mutual helpfulness in promoting Sunday school work and community enterprise such as the religious day school and religious census.

Officers will be elected, a constitution will be adopted, and organization of the clubs work will be started. A committee consisting of Lacey Horton, A. R. Eads, George H. Werner and the Rev. E. P. Nuss have been working on a plan of organization which will be submitted. J. L. Rogers of Oshkosh, general secretary of the Wisconsin Christian Educational council, formerly the Wisconsin Sunday School association, will be the principal speaker at the meeting.

## NEW BOOKS OFFERED COLLEGE STUDENTS

In order to give Lawrence faculty members and students an opportunity to see the new books as they are purchased, a system has been devised by Miss Winifred Fehrenkamp, college librarian, by which the books are placed in a conspicuous place on the desk and the new books may be drawn for seven days.

According to Miss Fehrenkamp, the books in the new class which probably will be most popular with students include two volumes by Grant Showerman, professor of classics in the University of Wisconsin, and a well known man in Wisconsin. Professor Showerman was director of the summer session of the American Academy in Rome, and the two volumes are the result of his research work while there. They are "Eternal Rome, The City, and Its People From the Earliest Times to the Present Day."

In the poetry division is found "Salt Water Poems and Ballads," by John Masefield, "American Poetry Since 1900," a critical study of contemporary poets by Louis Untermeyer, and "From Whitman to Sandburg," a survey of American poetry by Bruce Weirick of the University of Illinois.

"Georgian Stories," a collection of fourteen short stories is proving popular. For the science students is "The New Decalogue of Science," A. E. Wiggan's book which created much discussion at its publication late last year. "These Eventful Years," a monumental history of the twentieth century issued by the Encyclopaedia Britannica Co., New York, the publishers of the Encyclopaedia Britannica, interests history students.

It is Miss Behrenkamp's plan to add new books as they are published. There are now sixteen volumes in the group. As soon as the demand for a book decreases it will be placed in the regular shelves.

## MAYVILLE ROUTE TO SOUTH IN BAD SHAPE

Appleton motorists who are planning to drive to Janesville or other cities in that section of the state should avoid going by way of Mayville and Horicon, according to salesmen who arrived in Appleton from Janesville Tuesday. The roads in several places are covered with drifts many inches high and in hardly any place are they entirely clear of snow. The best route to this territory at the present time is by way of Wau-pun and Beaver Dam, the drivers stated.

## WINTER FANTASIA WILL BE FEATURE OF CONCERT

A feature number of the concert to be given March 18 by the Saxophone band of the Oney Johnston post, American Legion, will be a descriptive fantasia, "Winter." Learning that performance rights to play this selection were reserved, Capt. Fred B. Rogers has requested and obtained special rights from Jerome H. Remick Co., publishers. This fantasia depicts the joys of winter and is full of fun and special effects. The band is now holding two rehearsals a week in preparation for the concert.

## Castor Oil Will Protect Car Leather

Use castor oil for dressing and preserving automobile upholstery, is the advice given by Frederic J. Haskin, director of the Post-Crescent Information bureau, to a Neenah whole sale firm, which has asked for information on this subject.

"There is nothing as good as castor oil for preserving leather," wrote Mr. Haskin. "Applied once a month, or once or twice a week in snowy weather, it not only keeps the leather soft, but makes it waterproof. It should be rubbed well into the leather so that it will not come off on the clothing."

A Hortonville girl looking for a market for her poetry was informed that it is quite difficult for any amateurs to dispose of their material, as the market is flooded by poets whose reputations are not established. The aspirant was told, however, she could obtain the addresses of firms purchasing manuscripts from a book containing that information.

Another subscriber asked for the correct way of arranging a table and food when the head of the house is serving. Quoting an authority on etiquette, Mr. Haskin replied, "At a simple dinner the master of the house serves the roast, and the maid having deposited the plates containing the meat before each guest, passes the vegetables. The vegetables are then placed on the sideboard and perhaps are passed again before the meat course is finished."

"When a salad course is served, the salad is passed by the waiters so that each guest helps himself from the large salad bowl. The hostess after the fish course requests her guests to help themselves to olives and salted nuts and to pass the platters containing the relishes. Later she takes care that the bon bons are served. The hostess pours the coffee."

Besides the usual number of requests for information, Mr. Haskin last week received a total of 173 coupons for free pamphlets. Among these were 36 requests for calendars, 36 for Word books, 23 for United States maps. The others were as follows:

## DRUGS EXCITE THE KIDNEYS, DRINK WATER

Take Salts at First Sign of Bladder Irritation or Backache

The American men and women must guard constantly against kidney trouble because we often eat too much rich food. Our blood is filled with acids which the kidneys strive to filter out; they weaken from overwork, become sluggish, the eliminative tissues clog and the result is kidney trouble, bladder weakness and a general decline in health.

When your kidneys feel like lumps of lead; your back hurts or the urine is cloudy, full of sediment, or you are obliged to seek relief two or three times during the night; if you suffer with sick headache, or dizzy, nervous spells, acid stomach, or if you have rheumatism when the weather is bad, begin drinking lots of good soft water and get from your pharmacist about four ounces of Jad Salts. Take a tablespoonful in a glass of water before breakfast for a few days and your kidneys may then act fine.

This famous salt is made from the acids of grapes and lemon juice, combined with lithia, and has been used for years to help flush and stimulate clogged kidneys, to neutralize the acids in the system so they no longer are a source of irritation, thus often relieving bladder disorders.

Jad Salts is inexpensive; can not injure, makes a delightful effervescent lithia-water drink and belongs in every home, because nobody can make a mistake by having a good kidney flushing any time. By all means have your physician examine your kidneys at least twice a year. adv.

## This Man Intends to Keep It in the House

"In May or June, 1913, I sent you and got four bottles which were worth many dollars to me. They enabled me to go to work again. I had lost 40 pounds but these 4 bottles of May's Wonderful Remedy for stomach trouble gained back all I had lost and I feel like a new man since. I shall keep it in the house all the time." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. At all druggists. adv.

## NEW LAW WOULD TAKE LAYMAN'S DIFFICULTY FROM SPECIAL VERDICT

By Associated Press  
Madison—A radical change in the law relating to instructions of the court to juries in civil cases is contemplated in a bill introduced in the state senate by the committee on judiciary. By the terms of the bill, which is an amendment to section 2553 (270.21) of the statutes, in special verdict cases, it shall be the duty of the judge to instruct the jury as to the legal effect of their answers, and all counsel shall have the right to argue to the jury the legal effect and result of answers to said questions. Under the present law the statutes are silent as to stressing the legal effect of special verdicts.

Two Appleton men are included among the 76 applicants who were given registered pharmacist certificates by the state board of pharmacy Saturday. They were A. Probst and John H. Meyer. The certificates were for registered assistant pharmacists. Out of the 105 applicants who appeared before the board, only 76 were successful.

## There's Real Medicine Now For Stubborn Hang-On Coughs

When nothing seems to do that lingering, bothersome cough any good just go to Voigt's Drug Store, Union Pharmacy and get a bottle of Bronchuline Emulsion.

Take it as directed and notice how easily it overcomes that persistent cough that has caused you many sleepless nights.

It's a medicine compounded for the purpose of conquering tough, hang-on coughs, and that's exactly what it does—quickly and thoroughly.

There is no dope in Bronchuline Emulsion, nor chloroform, nor sugar—such things are only makeshifts and should be taken with the greatest caution.

For ordinary simple coughs two or three doses of Bronchuline Emulsion is usually enough.

Voigt's Drug Store, Union Pharmacy and dealers everywhere can supply you. adv.

## An Extra Gasoline Tax of from 6 to 20 Cents Per Gallon

Permanent roads are a good investment—not an expense

Your gasoline bills run into real money.

But have you ever stopped to figure how much of this is in the form of an incredibly high gasoline tax?

Let's see what happens when you leave the Concrete Highway and take to a gravel or a dirt road.

Conclusive tests have proved that a gallon of gasoline will carry you only two thirds as far on a gravel road as on a Concrete Road. On a dirt road a gallon of gasoline will carry you only half as far as on Concrete.

With gasoline at twenty cents a gallon, you would thus pay a gasoline tax of more than 6 cents per gallon on the gravel road and 20 cents a gallon on the dirt road.

These are figures you can't get away from. You can prove them yourself.

And remember that every time you travel on either a dirt or a gravel road you also increase wear and tear on tires and run up your general repair bills.

Why continue to pay these high taxes and get nothing in return but the discomfort and inconvenience of unpaved roads and streets?

Let your local officials know you want an adequate system of Concrete Roads and Streets. They are just as willing to build them as you are anxious to get them.

But they must have your support.

## THE CHILD LABOR AMENDMENT

Considerable opposition to ratification of the child labor amendment to the federal constitution has developed in the state legislature. It is rather an anomaly that in a commonwealth so progressive as Wisconsin, where labor regulations of all kinds have been carried to extremes, there should be a fight over this proposal. Child labor regulation is one of the reforms for which organized labor has made a long and consistent campaign. A part of labor's indictment of the supreme court was for holding child labor legislation of congress unconstitutional. This is what led to the proposed amendment. Theoretically, the farmers and organized labor in Wisconsin are acting together politically, but economically the alliance does not seem to hold. In this instance, most of the opposition to the child labor amendment is coming from the farmers and fruit growers of the state. They are afraid it will increase their labor costs and make it more difficult for them to obtain help.

The amendment to the constitution is in the nature of an enabling act. It does not define any kind of labor regulation, but merely empowers congress to pass such laws as it may deem necessary for the national welfare and the protection of children against industrial exploitation. The case against child labor here as elsewhere rests upon prematurely putting children to work for their own support and support of others, to the detriment of their health and future earning power. It is to prevent violation of their natural rights, i. e., to a reasonable education, a sound body and a square deal in life. It is to stop, for instance, binding a boy out, in effect, to work in a mill or factory or mine at a tender age, and foreclosing to him opportunity and mental and physical development.

Legislation which would stop boys from working in fields in summer or picking cherries or doing other comparatively light work in the open air or under circumstances that clearly would not be detrimental to their health, would be absurd. We do not believe congress would ever enact a law of this character or that there would be any attempt to interfere with such employment of young persons. Work of this kind during vacation is not only beneficial, but is the means of giving many a boy a start in life he would not otherwise get. It teaches industry, thrift, application and self-reliance, and it is body-building.

If we had any idea that congress would interfere with vocational employment such as boys commonly engage in, and such as many Wisconsin industries use to advantage, we would oppose it and we would feel that the opposition was entirely right and just, but we have no thought that congress would carry regulation to this extent. It has not been done in Wisconsin and our laws on this subject are as advanced as those of any state in the Union. What we may expect congress to do is to save children from what is equivalent to economic slavery in their childhood, this and nothing more.

## THE SENATE'S "BACKBONE" UP

Our august senate is much stirred up these days. It is quite aflutter over the French debt, the world court and one thing and another abroad, and it also has troubles at home. Just now it is conducting an inquisition into the life, morals and corporation practice of one Harlan F. Stone, whom Mr. Coolidge wishes to place on the supreme bench. So stealthily does the senate exercise its prerogatives

to protect these United States from the evil of having for supreme judge a man of such ability that a corporation is willing to employ him, or has employed him, that it seems an enemy to the public weal in Mr. Stone. That is one brand of politics. There is another.

The second brand has to deal with a further investigation by the department of justice into the conduct of Senator Wheeler in connection with oil leases, claims, etc. It is rumored at the capital that new indictments are to be returned against Senator Wheeler and that a great scandal is on the verge of being exploited. This, of course, is poison to the Democrats and vinegar to Mr. La Follette, his erstwhile team mate of the Third party excursion of 1924. Accordingly we have most of the Democrats, and those few Republicans who stand between the money power and economic slavery, engaged in the laudable pursuit of ham-stringing Mr. Stone. They have got out their microscopes and are looking him over to the very roe of his socks.

We don't know what kind of an impression the incident makes on the president, but we can imagine. After the senate has made its play to the galleries, the chances are ten to one it will confirm the appointment of Mr. Stone. But that is the way with the senate. It is continually making an adoo about nothing, and doing next to nothing as well. Mr. Coolidge entered the presidency as an independent Republican. By the time he gets through with the job we daresay he will have occasion to congratulate himself more than once on his independence, and he will need to draw on it copiously and often.

## THE WONDERFUL FLYING FINN

Since his arrival in America, the great Finnish runner, Paavo Nurmi, has established eight new world's records. He made three in New York in one night, three in New York in another night, traveled eight hundred miles to Chicago and eclipsed his own former record, and then returned to New York and made another. His achievements are the more remarkable in that he left New York on January 15, gave an exhibition in Chicago on January 16, left Chicago on January 16 and ran again in New York on January 17. He met the fastest and strongest American runners and excelled them all in speed and endurance. He showed no fatigue or strain whatever. He ran as smoothly and surely on hard and soft tracks, and over long as short distances.

Nurmi is conceded to be the most wonderful runner of all time. None of the ancient chronicles mention an athlete who could be compared with him. He runs in his own way, flat footed, heel and ball touch the ground simultaneously. He lived in a farming community in Finland and trained himself by running thirty to sixty minutes every day. He has never dissipated, but has disciplined himself strictly. How old is he? Twenty-five years.

Athletics was athletics with Nurmi. He hoped to gain renown as a runner, but perhaps did not fancy that he would make a large amount of money from sport, or cross the ocean to give exhibitions in packed amphitheatres, or that he would be hailed as the greatest runner that ever entered a race. He has astonished the sport world by his condition and prowess, and the public by his fitness, endurance and speed. He is called "The Flying Finn."

By HAL COCHRAN

PASSING BY.  
 LET'S ride in a train for a moment or two, and gaze at the things that pass. Let's leisurely look at the overhead blue and drink in the green of the grass.  
 The work is of nature: the job is well done. There's restfulness blanketed wide. What joy to just look at things under the sun as we whiz on through space in our ride.  
 Ah, there is a hut that is just in the trees. Perhaps it's a tumble-down shack. But happy are folks who are dwelling in these, with only the sky at their back.  
 A youngster is roaming a long winding lane, with fish pole and line as a rule. He lingers and stares at the whizzing train, then travels along to his boat.  
 The open and wide has a call of its own. It's only yourself that you rob if never you hit to the country, alone, and rest, far away from the mob.

## Health Talks

BY WILLIAM BRADY, M. D.  
 Noted Physician And Author  
 Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

### THIS IS THE WAY THEY GO.

Dear Doctor:  
 I am 52 years of age, weigh 188 pounds, and am five feet six inches tall.  
 I have had good health all my life, and am now physically sound so far as I know. I was examined lately by a physician who found my heart, lungs, liver and kidneys normal and no sign of any trouble anywhere.  
 I take no medicine on my own.  
 Last winter I had considerable trouble with gas in the stomach and at times a vertigo, and, perhaps nausea and vomiting, after which I would get better. These spells passed away after a little dieting, which also reduced my weight 10 pounds.  
 The last two years I have had very little exercise, though formerly I was very active and muscular. I used to play on college athletic teams 20 years ago. I can still play baseball. My hair, teeth and thoughts are all sound and vigorous as ever. I have never had syphilis or other disease. I feel younger than my years.  
 My hands and feet are much colder than they used to be and they are harder to get warm and keep warm.  
 And in the last year my functional vigor has declined. I am not the man I was a few years ago.  
 I would be glad to hear from you, and please send me your bill, or if you are not able to prescribe please let me to some good physician whom I can consult.

A. A. L.

Dear Mr. L.:  
 I don't know just why I didn't drop your letter into the automatic chucker, but something in it—not the invitation to send you my bill—something restrained my arm. Maybe that is because I am threatened with chucker's palsy.  
 The vertigo or dizziness you mention we will pass over in silence. You live not far from the border and there is nothing in the protocol to show that you are a teetotaler. In any case, let us just call that exhibit A. and file it with the court.  
 Now—to throw a proper scare into you—one of the common early or premonitory complaints in cardiovascular generation is a decline in functional vigor, which is all right and natural enough, for it tends to reason that a man who has avowedly seated himself in the toboggan for the long easy slide down to oblivion ought not to reproduce his present self. In spite of some ingenious theories to the contrary, and lists of celebrities as example, the choice specimens of the human race are those born of young parents or at least parents still in the full vigor of life.

Your heart artery system was probably built for a 150 pound man. While it served such a man it served well. But for several years now it has been trying to serve a 180 pound man. It may in a way, though not for so long.  
 The physician who examined you found nothing wrong. Was he perhaps an insurance examiner, and if so did you not undergo the examination with the hope of insuring? Or if he was a private practitioner did he examine you for health or for the objective signs of disease? It makes considerable difference. Disease in the potential stage, just around the corner, presents no definite signs, and unless the physician applies functional tests he cannot see it approaching. Did the doctor make a functional test of your circulation?

Here is my prescription:  
 "He who would eat much must eat little." (Cornaro)  
 "Masticate every morsel till no taste is left in it." (Fletcher)  
 Take 2 M. O. O. T. H. three times a day, or the equivalent in other forms of exercise. (Brady.)

QUESTIONS AND ANSWERS.  
 BUSY BE.  
 I have been talking with Ben told. Is it or is it not true that if I wear rubbers and oxfords instead of overshoes and oxfords during the winter time, in after years I will develop a bad case or rheumatism in my ankles? (Miss O. V.)

Answer.—No, you are more likely to develop monandry. It is perfectly hygienic to wear oxfords or sandals if you like all winter, with or without rubbers or overshoes, as comfort may suggest.

## LOOKING BACKWARD

By HAL COCHRAN

TWENTY-FIVE YEARS AGO.  
 Wednesday, Jan. 31, 1900.

Mrs. J. J. Sherman was hostess to the B. S. Schafkopf club at its meeting yesterday. Prize winners were Mrs. Frank Wright and Mrs. W. J. Baker.  
 The Woman's Relief Corps held invitations to members of the local Grand Army post for the unveiling on Feb. 2 of a memorial picture showing likenesses of all members of the post.  
 The postoffice began using the new cancelling machine which stamped 20,000 letters an hour.  
 Twenty members of the Cyclo Whist club went to Oshkosh by Interurban last night to attend a party given by Miss Ada Pratte. The prize-winners were Miss Wilson, Frank Calmes, Miss Belding and Will Tesch.

John Nolan, one of the oldest residents of the county, sold his farm at Greenville yesterday to Will Smith. The farm contained 80 acres and brought a price of \$4,200.

Reimer, Manser and Graef were receiving more logs than they could handle at the local plant. The logs were coming in large quantities from Eland Junction. Farmers in this vicinity also were expected to bring in large quantities as soon as sleighing was suitable.

Appleton and vicinity were experiencing a temperature of about 15 degrees below zero which was expected to continue for several days.  
 Backworthy Construction Co. was awarded the contract for a cold storage plant and laundry building at the insane asylum at Whitehall.

### TEN YEARS AGO.

Wednesday, Jan. 27, 1915.

Kaiser Wilhelm of Germany celebrated his fifty-sixth birthday anniversary by giving liberty to hundreds of prisoners who were held for infractions of military law.  
 At least 1,500 birds were to be entered in the 1915 show of Fox River Poultry and Pot Stock association opening Thursday, according to announcement of R. E. Carnerose, secretary.

Isaac Fowler, 65, older at the plant of Appleton Chair Co., was instantly killed this morning when his clothing became caught in a revolving shaft and he was hurled against a side wall.

John Diderick was spending a week in New York on business.

P. A. Korney was called to Manitowoc because of the serious illness of his mother.

Miss Josephine Miller and Louis J. Tenneson of Kaukauna were married at 9 o'clock this morning at St. Joseph church. They plan to make their home at Kaukauna.

Miss Marie Sherman, Wausau, entertained at a vegetable party last evening. Each guest was expected to represent a vegetable. Prize-winners were Miss Celia Kamp, Miss Belle Rossmassell, Miss Laura Conrad and Miss Marie Roemer.

### THE MOTORIST'S LAMENT

In summer time, in summer time, You're held up by the traffic sign, And speedsters wait along the line, To cramp your style with a big fine: While gas is higher than moonshine And roads congested with road-zwines. Drawbridge and boats, They get our goats, In summer time, in summer time.

In winter days, in winter days, Traffic sign no one displays, No speedup on the speeder preys, Gas bills a little coin defrays, No roadings fight for rightofways, And drawbridge no one marks for days, But oh, those ruts, They'd wreck a Stutz, In winter days, in winter days.

Roller: Can you tell me what is wrong with the barbers of late? They seem so deep in thought all the time. The other day I saw one of them walking down the street with a big dictionary under his arm. Do you suppose the cross word puzzles have gotten the best of them too?

Kate Koffee.

The only place we could find for a barber, in a barbershop is on a barber chair placed there to heighten the seat of little children.

We see where an Appleton woman celebrated her birthday anniversary and her wedding anniversary on the same day. We hope her hubby proved a satisfactory wedding present on the day of her birthday and marriage.

Girls, imagine your birthday anniversary and wedding anniversary coming on Dec. 25! Cheated as you would be of at least two gift days, would you sue for a divorce?

### FAMOUS LAST WORDS

Warden, are you sure the chair won't tingle?

Wife, you are getting homelier every day.

Watch me tickle this elephant.

I won't slow down. I have the right of way over that truck.

Let's see who can lean the farthest out of the window.

Aw, I can beat that train to the crossing.

Strike a match and see where the gas is leaking.

Allderman Mike, will you join the K. K. K.?

With every attorney in the county having pledged support to Judge Spencer in his run for reelection, and it being illegal to import a lawyer into this county to run against him, you could hardly say that Judge Spencer will run for the office this spring. Instead of a run, it will be a walkaway.

It will be different with the other judicial office of this county. With three candidates in the field, it is a question of which two will be the also-rans.

It's a good thing members of our city council don't have to take the oath of office that is administered to the governor of Texas. Min Ferguson had to swear she'd never fought a duel.

## Some "Whys?" Are Given An Answer Here

(From The Baltimore Evening Sun.)  
 The employer is talking. "It seems impossible to find good men," says he. "Why can't I find help that will help—intelligent men who will take as much interest in the business as I do, who won't watch the clock, who can do their bit without an overseer, men of initiative and foresight?" The answer is easily found. "Men of that kind can make more money in business for themselves."

"And why are there no old-fashioned girls—sweet and bashful girls, who blush and drop their eyes; quiet, dignified girls who prefer sitting at home and never will kiss until they are properly married?" Again the answer is easy. "There is no demand for girls of that kind."

"And why are there naughty shows and naughty books? Have producers and authors lowered their standards, and do they not delight in situations that approach the nasty?" Not a bit of it. "They produce the stuff they do because an eager public stands ready to pay for it."

"And why do high-brow books sell slowly? Is the reading public unable to appreciate books whose message cannot be grasped without intelligence?" No. As a rule, the books sell slowly because they are not worth buying."

"And why are so many accused persons acquitted? Are the juries corrupt? Does our civilization no longer frown upon crime? Have we lost all sense of morality?" "No. The reason some laws are not respected is because they are not respectable."

"And why are wives not courted and petted now as they were during the months that preceded the ceremony? Do their husbands no longer enjoy kissing them and holding their hands?" "No. It isn't that. Their hands are too busy to be held, and the husbands are about as muchy as they are permitted to be. The theory that wives long in vain for touches of affection was invented by a bachelor and is kept alive by romantic spinsters who revel in the vicarious martyrdom of their sex."

## Few Premature Burials Occur

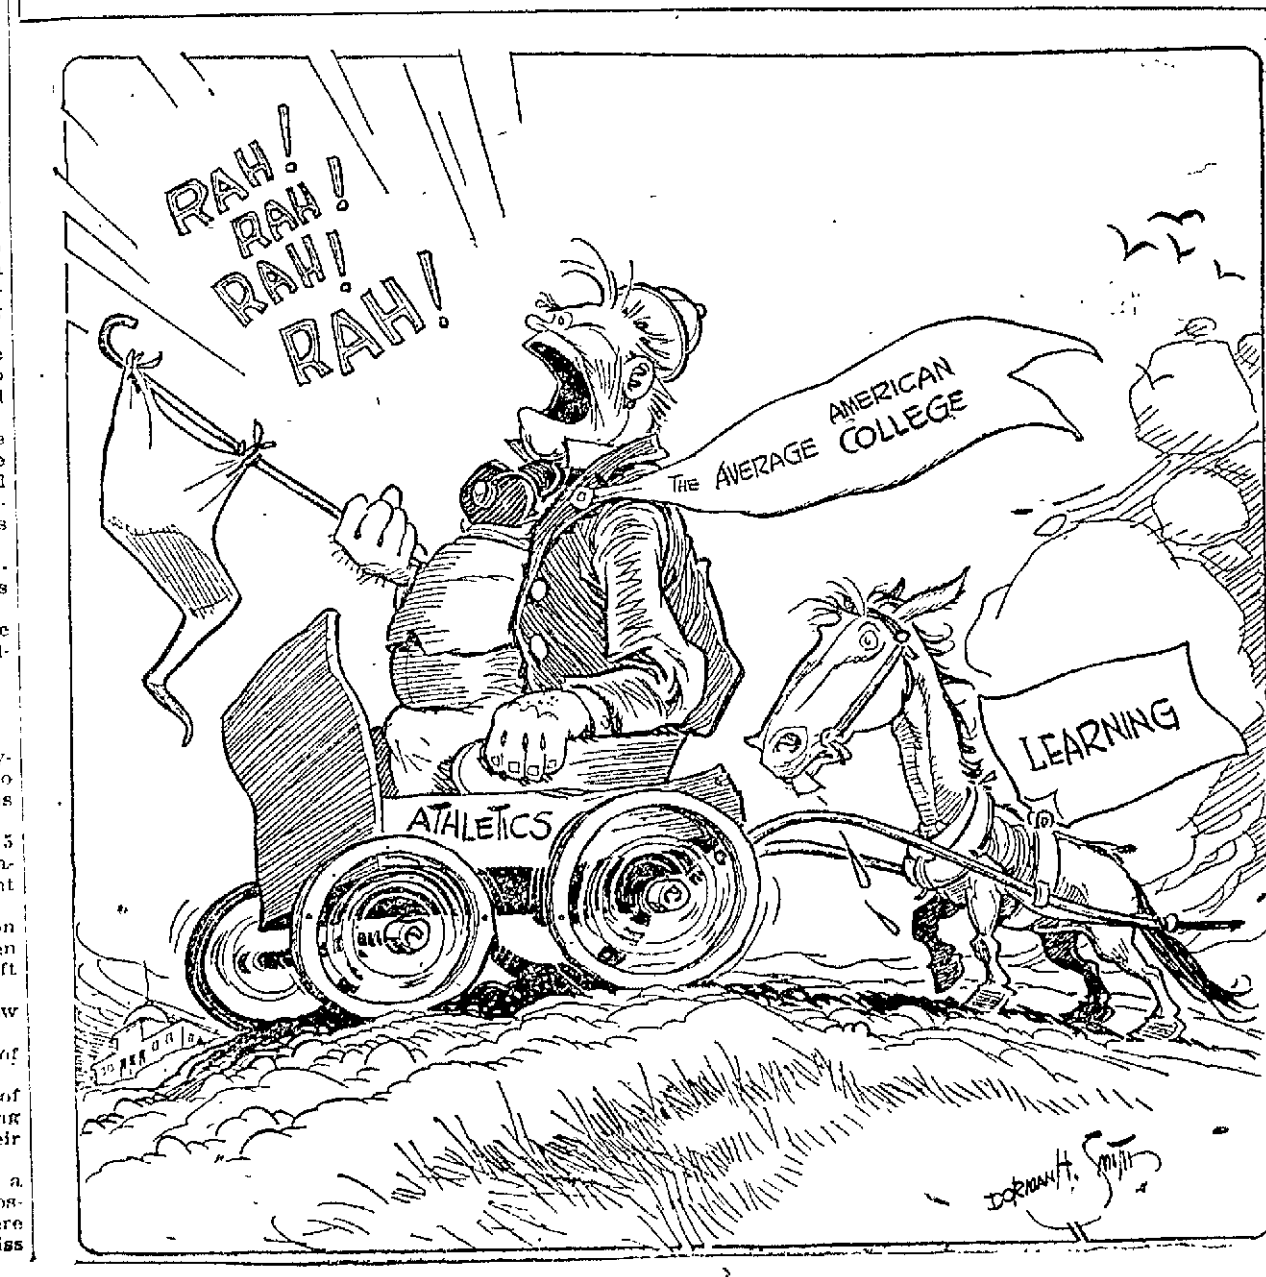

(From London Tit-Bits.)

Fears of premature burial have resulted in the formation of a society to effect reforms in the law of death certification. There is, however, nothing new in these fears.

The Egyptians kept the bodies of the dead under careful supervision by the priest previous to embalming, and until satisfied that life was extinct. The Greeks were aware of the dangers of premature burial and often cut off the fingers of a person believed to be dead before cremation. In modern times, the fear of being buried alive has haunted many. Willie Collins has this fear, and always left overnight on his dressing table a note solemnly enjoining that should he be found dead, his supposed death was to be very carefully tested by a doctor.

Hans Anderson always carried a note in his pocket to the same effect. Harriet Martineau left her doctor to see that her head was amputated before burial. Edmund Yates left 20 guineas with the provision that his jugular vein was to be severed. Lady Burton, widow of the famous traveler, Sir Richard Burton, who was subject to fits of trance, desired that her heart be pierced with a needle. Premature burial is of the rarest occurrence, and it is doubtful of many authenticated cases could be brought forward.

Q. Is a licensed amateur allowed to send while neighbors are trying to hear radio programs? P. S.

A. The Department of Commerce says that at the present time amateurs are licensed to operate stations at all hours with the exception of 7:00 o'clock to 10:30 P. M. and during church services on Sundays.

Q. What makes my hands swell when they get cold? E. H.

A. The Public Health Service says that the temporary swelling of hands after being exposed to the cold is due to sluggish circulation caused either by the cold or by weak heart action.

Q. What other hotels are under the same management as the Waldorf-Astoria? J. H.

A. The Boomer-DuPont Properties include the Waldorf-Astoria, Hotel Savoy, New York City; The New Willard, Washington; The Bellevue-Stratford, Philadelphia; Hotel Windsor, Montreal; Savarin Restaurant, New York; and Louis Sherry, New York and Paris.

Q. In the footnotes of the "Arabian Nights" it frequently gives dates as being so many years ago. "The Flight" which is referred to? J. M. W.

A. The flight referred to is the departure of Mohammed from Mecca to Medina to escape persecution. This is the starting point of the Mohammed era, although the exact day of departure was uncertain.

## KAUKAUNA NEWS

Melvin Trams Telephone 329-J  
Kaukauna RepresentativeTELEPHONE CREW  
RETURNS TO BIG  
JOB IN KAUKAUNAWorkmen Complete Repairs  
Necessitated by Illinois  
Sleet Storm

Kaukauna—Members of the repair crew of the Wisconsin Telephone company are returning to this city in groups from Lexington, Ill. where they were called two days before Christmas to repair damage caused by a sleet storm which was considered worse than the one which visited this vicinity three years ago.

When the crew was "pulled out" of Kaukauna, the men had just started a job in this city which will require from 30 to 60 days and will cost the telephone company approximately \$20,000. It is expected work on the project will be resumed this week.

The present cables of the company are obsolete and will be replaced with modern ones holding more wires. The bulky cable which is stretched along tall poles on Main-ave on the south side will be taken down. The posts also will be removed and the new cable will occupy a portion of those poles on the opposite side of the street which also carry city power lines.

When the work is finished the company will be in a position to install new telephones in any part of the city. Under present conditions not another instrument can be handled, especially on the south side where a large number of additional stations are needed.

Other portions of the cable which now are stretched on poles will be buried underground. A few changes also will be made in the exchange office.

## Social Items

Kaukauna—The Lady Eagles will hold their regular meeting Thursday evening at the home of Mrs. Fred Wittmann, 808 Law-st. Routine business will be transacted and a social hour will follow.

The regular meeting of the Women's Benefit association was held Tuesday evening in Odd Fellow hall. Routine business was disposed of.

Mrs. Carl Bartoch won first prize and Mrs. Mike Wrubleski won second honors at an open card party conducted by the Knights of Columbus Ladies Tuesday afternoon in K. C. hall. Twenty-five tables at schafkop were in play. Seven tables were in play at five hundred and prizes went to Mrs. Fred C. Smith and Mrs. James McGrath.

The Women of Mooseheart legion will give a card party and dance Friday evening in Elk hall. Prizes will be awarded. The Electric City will furnish music for dancing.

MUSICAL TROUPE  
IN LYCEUM COURSE

Kaukauna—The fourth number of the lyceum course will be presented Thursday evening in the high school auditorium. A varied program of vocal and instrumental music will be offered by the Royal Troubadours, four musicians who are said to have won unusual success.

The organization is primarily an instrumental quartet which features the romantic and tuneful music of Spain, the artists appearing in Gypsy costume and setting.

In addition the Troubadours offer popular songs hits of the day with novelty arrangements from modern composers. Vocal solos and duets will form part of the program.

Attendance at the past numbers has not been what was expected in this community and unless greater cooperation of the public is shown for the last two numbers, it is probable this will be the last lyceum series.

## FUNERAL OF INFANT

Kaukauna—Funeral services for the 5-day old son of Mr. and Mrs. Andrew Bodda, 619 Desnoyer-st. were held at 10 o'clock Tuesday morning in Holy Cross church. Burial was in Holy Cross cemetery. The baby died Sunday evening.

DAYTON TELLS H. S.Science Teacher Gives Third  
Talk on History of  
His City

New London—The Rev. F. S. Dayton, instructor in science in local high school here delivered the third of a series of talks on early New London history before the assembly of the high school on Tuesday morning. The lecture was on "The Coming of the White Man to New London."

"The Menominee Indians," said Father Dayton, "had by 1850, driven out all the others and considered themselves rightfully entitled to all land as far south as the Fox river. They were known as 'hunting Indians,' and by 1850 had established a large camp on Lake Poygan, near this city."

In 1852, the Menominee sold all of this land north and west of the Wolf river to the United States government, and were allotted the Keshena Indian reservation near Shawano.

Mr. Dayton said, however, even up until 1850, they continued to roam at large over their old territory, hunting and fishing along the Wolf river and visiting their old haunts, New London, in 1850, was a virgin wilderness, containing much valuable pine timber, some of which is still to be seen in this city in the grove known as "Pape's Pines."

In later years nearly all of this pine was cut out, and sent down the Wolf river to sawmills, of which there were 37 in Oshkosh, a half-breed, Charlie Caron, was running a trading post at the present site of Jos's cottage, at New London.

In 1850, a man named Johnson also ran a trading post in the place that is now known as Taft's Park. The city's principal business street, North Water-st, was a marsh, which drained into the Embarras river.

Then in 1850, the first white men began to make their appearance, coming up from Milwaukee and Kenosha, and working northward year after year.

A man named Nordman came nearly to New London, on the Hortonville road, near the Ledgo, and founded what is still known as the old Nordman farm.

Three men, Ira Miller, the father of the late Justice Miller of this city, Reader Smith, and Horatio Taft, then made two attempts at founding a city in this vicinity, calling it North.

A city in this vicinity, calling it North, was the places never grew. Then they came to the present site of New London, and, just before the Indians sold their land to the government, bought out what rights Johnson, who had located his trading post in the present spot of Taft's Park, had to the land, and proceeded to lay out the city.

They received the credit for founding New London in 1855.

The next men to come to the city were George Lutsey, Thomas Edwards and a man named Holcomb. These three came in with settlers who were pouring into Waupaca-co. Lutsey's son, Elwood Lutsey, now owner of the Elwood Hotel of this city, was the first white child born in New London.

His father founded a hotel in the present site of the Red Crown Milling station, opposite the present Elwood Hotel.

Vestiges of the vanishing red-man can still be plainly seen around New London. The present site of the Mack home on the north side of the river, was an Indian corn field. The present Episcopal Rectory is built atop an Indian graveyard, Mr. Dayton said.

Special to Post-Crescent  
New London—A special meeting of the city council was called on Tuesday evening, to fix the tax collection period, and also to determine the sewer and water construction program for the season of 1925.

There have been numerous requests from local citizens for extending the tax collection period after Feb. 1, and the council on Tuesday night extended the payment time to March 1, with no penalty assessed, between Jan. 1 and March 1.

The sewer and water main construction program for the coming summer was then agreed upon.

Sewer and water mains will be installed on Mill-st, from the city limits north to Bruce-st, and then west on Bruce-st to Main-st.

Sewer and water will be installed on Waupaca-st, from Shawano-st east to Lincoln-st. This sewer later will be extended west on Waupaca-st to Elm-st, and is the result of a petition signed by property owners on Waupaca-st and presented to the council.

A petition dated March 15, 1924, and signed by property owners on Pine-st, was presented, requesting that sewer and water mains be installed on Pine-st, between Lawrence and Pearl-sts, a distance of one block. No action was taken on the request.

A petition of property holders along West Pine-st also requesting a sewer from Wyman to Oshkosh-sts, was granted.

The council also granted a petition of property owners on Shiocton-st for sewer and water mains.

A petition coming from residents near Jennings Heights, and dated March 20, 1920, asked sewer and water near Jennings Heights but the proposition was considered vague and indefinite and was laid aside by the council. Another petition, dated July 20, 1920, came from property holders on Cook-st, asking sewer on that street, between Mill and Free-mont-sts, also was laid aside for further action.

A petition, dated July 29, 1921, came from citizens on Division-st, who wanted sewer on Division-st to the intersection of Division and Jennings-sts. This sewer, part of which has already been installed will be put in from Jennings-st south to Douglas-st, in 1925 if possible.

The next petition requested sewer and water on Pine-st, between Lawrence and South Pearl-sts. This also was laid aside. A request for sewer on Washington-st from Wyman west to Oshkosh-st was granted.

The next proposition was to dismiss the city engineer, H. R. Albert of Green Bay. His work in connection with the Oshkosh-st sewer project of the past summer which will have to be started again next spring, was considered by the mayor and common council as unsatisfactory. F. M. Charlesworth, city engineer of Kaukauna, was suggested as an excellent man to fill the impending vacancy. The matter will be disposed of at the next council meeting.

The council was informed by Mayor E. W. Wendlandt that the controversy between the city and Albert Klatt over the Klatt property, wanted for the extension of Oshkosh-st was at an end as Mr. and Mrs. Klatt had accepted the city's offer of \$300 all condemnation proceedings will be stopped at once, and the deed turning over the property to the city will be signed on Saturday afternoon.

The council was informed by Mayor E. W. # MILITARY FUNERAL FOR SURVIVOR OF ABE LINCOLN DAYS

Comrades Pay Last Tribute as George C. Miller Is Laid to Rest

Special to Post-Crescent  
Weyauvegan—Military funeral services took place at the Presbyterian church on Monday afternoon for the late George C. Miller. Mr. Miller, a resident of Weyauvegan for 12 years, died at his home on Friday, Jan. 23, at the age of 80 years.

He was born July 1, 1844 in Pennsylvania and when a small boy went to Stevens Point with his parents, where at an early age he became an apprentice in a blacksmith shop. When the Civil war broke out he enlisted in Company A, Third Wisconsin Cavalry and served for over three years when he was honorably discharged and returned to his home at Stevens Point.

He was married on Feb. 1, 1873, to Miss Minnie Bauer of the town of Royalton, and together they celebrated their golden wedding anniversary seven years ago.

Mr. Miller worked with the old Wisconsin Central Railroad for 25 years, then moved to a farm in the town of Waupaca where he remained for 16 years, after which he retired and moved to this village.

His widow and four children survive. The children, Mrs. John Faskell of the town of Mukwa, G. L. and W. F. Miller of Fond du Lac and Carl H. Miller who lives on the old home farm. Eight grandchildren also survive.

The funeral was well attended and six of his comrades were present to pay their last respects. The services were conducted by Rev. J. M. Kellock, the G. A. R. and the American Legion. Miss Florence Baldwin and Mrs. F. Laake sang two numbers.

Those who attended the funeral services from away were Mr. and Mrs. G. L. Miller and daughter, Lucie and Mr. and Mrs. W. F. Miller and children of Fond du Lac; Edward Miller and Mr. and Mrs. Lawrence Miller and Mr. and Mrs. John Miller of Stevens Point and Mr. and Mrs. L. LaHate of Waupaca. Interment was in Oakwood cemetery.

Al Hutchinson gave the first of a series of talks to the high school students on Monday morning. Review on the Commonwealth of America was his subject.

## TOUCH OF PATHOS WOVEN IN STORY OF "GOLDEN BED"

Well Drawn Characters and Interesting Plot in Irwin Novel

BY ELEANOR WING

"The Golden Bed" by Wallace Irwin, published by Putnam, is a beautiful allegory, where time is in the second person rather than in the first. With the Lute Song from Nirvi as its theme, the story is a hitting tale of three people who are remarkably vivid contrasts.

Flora Lee Peake, to whom Candy Holtz sings his silent song, "Yea I shall lay thee upon a golden bed, My Desire," is the Cinderella of the story. Somehow one connects her with the fairy princess with bells on her fingers and rings on her toes, for whom life is made incomparably easy. She inherits a golden swan-posted bed from her mother, and it becomes the symbol of the life she is to lead. Unharrassed by care, tinsel-gay in her own and false, too, beneath the glitter, she draws men into her net like a naïve Lorelei, with her shimmering, intangible personality as bait. No one finds happiness in his contact with her, except perhaps Candy Holtz, who seeks nothing for himself except to become "a hind at the silken tenderness of her finger ends."

Admah Holtz is, to put it brutally, poor white trash. He learns to eke out a scanty living from selling the candy peppermints which Ma Holtz makes throughout her life. A little tragic irony is introduced by the author in his description of the of the everlasting peppermint making. Ma Holtz has as her chief utensil, in her business, a marble slab, formerly a tombstone upon which she drops the fragrant mints.

In the course of years, Admah's name becomes "Candy Holtz" from the flourishing candy business he has set up for himself. From the time of his itinerant selling days he has known of Flora Lee Peake, the daughter of old Judge Peake of southern fame. His feeling for her is the worship of the humblest subject for his queen, and it is tinged with the chivalry of a veritable knightly Raleigh.

Flora Lee makes shameful use of her rustic cavalier when his fortunes are high and hers are dissipated. And when Admah has lost everything in his sacrifice for her, she spurns him, as though he were an adoring but despised dog sitting beside the symbolic golden bed, begging for a morsel of compassion.

The third character, who is willing to remain unnoticed, is Margaret, Flora Lee's sister. There is no disguise in her makeup, no selfishness except as it is concerned with self respect; and no treachery toward those who give her sympathy and help. She never asks favors in her life for herself. But she often treats them for the sake of Flora Lee.

Margaret understands the unfair advantage her sister is taking of Candy Holtz, and suffers for it. She grows to love him, maternally, at first and then for his worship of the worthless princess in the golden bed. After Flora Lee's death and Candy's failure, Margaret gathers up the remnants of a badly battered soul, and instills in them her own courage and resourcefulness. Under this process of reconstruction, she teaches Admah to love her, in a steady, non-inflammatory sort of way, which gradually heals the bruises made by Flora Lee. Even though his wounds have been deep however, Admah would not exchange his hour of paradise with his princess for all the days in the world with Margaret. For three lives are the main threads of the story on the loom of the "Golden Bed." Action weaves in and out, but is only dependent upon the characters for the pattern it takes. And Admah's spirit of heroic worship, colors and dominates the completed fabric.

He is willing to accept a mere pittance of love in reward for his lifetime of faithful devotion to his princess. Pity is owed him perhaps, because whichever way one scans the fabric, Flora Lee was worthy of no devotion. But admiration is also owed to Admah for he is unwavering in his service for an ideal.

Thus, the lute song expresses it: "What shall I bring thee, from the city, O my Desire?"

That thou mayst approve me idly in a dream? What from the eagles nest? That thou mayst sigh, even softly, remembering me!"

## Darky Tale Classic In Slang Idiom

HUGH WILEY

It took a long time for the very literary essayists to discover the art that lies behind vaudeville clownery, comic strips, jazz bands and the like. Then, one day, Gilbert Seldes wrote the "Seven Lively Arts" and told New York what every vaudeville goer and comic reader in the rest of the country had known for years. New York learned with amazement that some of its funniest revues were commonplace vaudeville names about the "provinces."

All of which is by way of preface to a prediction—some day the very Hugh Wiley's "Wildcat Marsden" and Will James' cowboy stuff and realize that here are contributions, not only to the American folklore and background, but to the slang idiom of the time.

For years "the fourleaf wildcat" has been rambling his good natured, barney way through Wiley's short stories. Now he appears in a new volume of tales, "The Prowler" (Knopf), in which effort of plot invention often becomes too apparent, but in which something like justice can be done the character.

Here is fabulous tale-telling of the Paul Bunyan school with a character that could be interpreted in a full chapter of symbolism; the comical, failed, and satirical are combined in the "wildcat," fate breaks things for him, in spite of himself, he is the minstrel man, the swash-buckler, Al Jolson, and all stage impersonations of the negro put together. His combination of made-to-order slang and his Latin rhetoric are great stuff.

Already the "wildcat's" dice-shooting lingo is a slang classic.

Will James in "Cowboys—North and South" (Scribners) does a true va-

Health authorities are quoted as saying that a very large percentage of colds might be prevented and that a still greater amount of serious illness might be avoided if people would not neglect the common cold at its first appearance.

Every cold carries with it an element of great danger.

That is why Father John's Medicine has established itself as the family medicine of greatest value because it treats colds in the natural way, drives them off promptly and rebuilds the power of resistance so that strength and normal health is promptly regained. Over 69 years in use.

Thus, the lute song expresses it: "What shall I bring thee, from the city, O my Desire?"

That thou mayst approve me idly in a dream? What from the eagles nest? That thou mayst sigh, even softly, remembering me!"

## Gossip About Book People

SPEEDY RECORD

Stuart P. Sherman, author of My Dear Cornelia and editor of the New York Herald Tribune's literary pages, has an academic record that H. L. Mencken and "the dreifol Midwestern school" strongly approve of. Born in Iowa, Mr. Sherman was first graduated from Williams College and then took that fatal Ph. D. degree at Harvard for which the Younger School will never forgive him. He first taught at Northwestern University and at thirty was a full-fledged professor at the University of Illinois—a remarkable record in a profession where advancement is far more rapid. He now comes to New York in his early forties with eighteen years of teaching and more than one distinctly popular book to his credit.

MOVIE FOLLOWS

Coincident with the publication of Messaline by Vivian Crockett (Holt & Liveright), the story of the Roman empress who was one of the most fascinating and famous women of history, comes the production of the motion picture of the same name.

CIVIL WAR VETERAN

George Haven Putnam, author of Some Memories of the Civil War and head of the publishing house of G. P. Putnam's Sons was one of the Civil War veterans who took part in the recent Memorial Day ceremonies held in London. He laid a wreath on the Cenotaph raised to the Unknown soldier and later placed a wreath on the St. Gaudens statue of Lincoln and made a brief address to the crowds before Westminster Abbey.

# OVER 12,200 DAILY

The Average Daily Net Paid Circulation of The Post-Crescent For The Last Two Months of 1924 (November and December) Was 12,224 Copies.

There are over 12,200 homes in Appleton and its trade territory in which the Post-Crescent is read daily—a total reading population of 50,000 people each day. In other words, over 12,200 families pay for their favorite home paper in order that they may keep informed of the news of the day, current, business and advertising.

## Do They Read The Post-Crescent?

The best answer we can think of for this question is indicated by the widespread popularity of The Post-Crescent. An average of 1,000 new subscribers or 4,000 new readers have been added each year since the consolidation of the former Post and Crescent. We believe that is conclusive proof that this newspaper is not only in demand, but widely read.

Recently one of the good housewives of this community made the statement that she saved the subscription price of the paper many times during the year through the economies of money she was enabled to make on her purchases of provisions advertised each day and each week by the progressive merchants.

## Wages Paid by Post-Crescent Will Run Over \$110,000.00 This Year.

Few people who read The Post-Crescent each day realize the effort in man and woman power necessary to produce this daily newspaper. Sixty people, trained in the arts and crafts of the business, make ready and publish this daily mirror of events.

There are more than 50 correspondents occupied in The Post-Crescent service, gathering news from all points of the compass and the 150 carriers who distribute The Post-Crescent in its territory, auto bus line drivers and others, make a formidable array of artisans to which The Post-Crescent will pay in wages during 1925, more than \$110,000.00. The Post-Crescent might be termed a newspaper factory employing in all departments 250 people and paying into the hands of these folks between \$110,000.00 and \$115,000.00 for redistribution through the channels of trade.

## Advertising Costs Among Lowest in Entire Middle West

In spite of the tremendous cost of producing this newspaper the advertising dollar stretches farther today in The Post-Crescent than ever before in its history—farther in fact than in any other newspaper in the entire middle West with one or two possible exceptions. Two years ago the Chamber of Commerce surveyed the advertising rates of more than fifty newspapers in cities of similar size throughout the middle western states. At that time The Post-Crescent's rate per inch per 1,000 circulation was second lowest in the entire group. This rate two years ago was 3.2c per inch per thousand. Today it is even 3c, two-tenths of a cent an inch per 1,000 circulation lower than two years ago. We know of no lower rate anywhere than this.

It costs 3c per inch per thousand circulation to cover the Appleton trade territory and this buys more coverage, more prestige and reader interest than ever before. Think of 12,200 homes and 50,000 readers in the terms of results.

### Note the Rapid Growth of The Post-Crescent's Circulation During Last Five Years

## Costs Nearly \$650.00 Per Day To Produce The Post-Crescent

Every day The Post-Crescent is published it costs nearly \$650.00 to produce the paper. The principal item of cost is labor, the next is white paper, of which nearly two carloads are consumed each month. Then there is the net work of news and feature services, telegraph and telephone and a myriad of other items which go to round out the production of a good newspaper. Five years ago this production cost was but \$375.00 a day. Today we are spending nearly \$650.00 a day to build a newspaper in keeping with a progressive community of which we are glad to be a part.

### Post-Crescent Advertising Rates Are at Lowest Point in Its History

All advertising rates should be based on the rate per inch per thousand circulation. That is the only correct way to buy or sell advertising. The Post-Crescent has made three adjustments of its advertising rates since it was established and each time the rate per inch per thousand has been less than before. The following table shows how the minimum rate per inch per thousand circulation has decreased during the years since 1920.

Year	Circulation Basis of Rate	Minimum Rate per Inch	Rate per Inch per 1,000 circulation
1920 .....	8,000	28c	3.5c
1923 .....	10,000	32c	3.2c

## ELECT OFFICERS AND PREPARE TO WORK UP INTEREST

Round-up Scout Leaders at Annual Meeting of Valley Council

Officers were elected and plans for a round-up of boy scout supporters were discussed at the annual meeting of the Appleton district committee in the boy scout headquarters in the insurance-bldg Tuesday night.

Dr. James Claude Elson, professor of physical education at the University of Wisconsin, has been engaged to give an address at the annual meeting of the Valley council which will take place on the evening of Feb. 5 in Hotel Northern. All Appleton committee members, scoutmasters and pastors will be urged to attend.

Walter Joyce declined reelection to the office of chairman of the Appleton district committee, and John R. Riedl was elected to succeed him. E. B. Cahill was reelected secretary. The following were elected representatives on valley executive council: Louis Ponnill, William Fountain, Lee C. Roney, Henry Pettigrew and J. E. Riedl.

Action on the budget was postponed pending the final approval of the Valley council.

## DEFER CHANGE IN CITY HALL OFFICES

Alterations Will Require Several Weeks to Complete

The change in office quarters authorized by the city council for three days in the city hall will not take effect on Feb. 1, as had been planned originally. Special mill work has been ordered for the alterations to be made, and this work will not be finished by that time, and it is doubtful whether the changes in quarters will take place before the middle of February.

Under the new arrangement, the water department will vacate its present quarters and take over the offices of the city assessor and internal revenue collector. In the first of the alterations will be the service window, and the second office will be used for accounting. The internal revenue collector will have a desk in the council chambers near those of the poor commissioner, deputy health officer and city nurse. The city engineer's office will be turned over to the assessor and will be enlarged. The space used by the water department will be added to that occupied by the engineering department.

## RADIO PROGRAMS

Thursday night's program will be featured by the third appearance of Victor Record Artists including Miguel Fleta, Spanish tenor of the Metropolitan Opera; Lucy Isabelle Marsh, lyric soprano; Flonzaley Quartet, famous exponents of stringed music. None of these artists has ever broadcast before. Members of the quartet are Adolfo Belli, first violin; Alfred Perchon, second; Louis Bailly, viola; Ivan D'Archambeau, cello. The quartet binds its members not to play in orchestras, or even solos, so as to preserve the perfect unity of effect for which it is famous. Miss Marsh is an example of what may be accomplished by an American girl under an American teacher and Fleta's wonderful voice is known to all the larger cities of the world. Special selections to be given by each artist and the complete list of stations broadcasting the program will be announced Thursday.

WLW presents a fine musical program by members of Sigma Alpha Iota, national musical society, from Cardinal Conservatory of Music, at 8 o'clock Wednesday evening, followed by the Pomona Concert orchestra at 9 o'clock. Erwin Wendell, star organist of WOC, will take the air at 8 o'clock accompanied by Charles Kerns, tenor. A Robert Burns musical program from WCX at 6 o'clock and a band program at 7:15, orchestra at 8, and organ recital by Mary L. Vost at 9 o'clock from WOO are two of the fine musical programs for the evening.

Two other feature programs take the air Wednesday evening. WOS presents a musical program by Frank C. Robinson, world's champion one-man band at 8:30 that will hold the radio audience for miles a while and KOA presents the University of Denver in a one-act comedy, "Modesty."

## Directors Meet Tonight

The board of directors of the Appleton Chamber of Commerce will hold its regular monthly meeting at 7:45 Wednesday evening at the chamber of commerce offices.

Mr. and Mrs. Henry Schwabach have returned to their home after spending a week with Mrs. Schwabach's brother, and Fischer, at Wittenberg.

## 200 Persons Pay Half Of Total Income Tax Collected In County

Less than 200 persons, or approximately 3 1/2 per cent of the income tax payers of Outagamie-co pay nearly one-half of the state income tax on individuals in this county, it is apparent from the records of Leo J. Toonen, assessor of incomes, on incomes received in 1923, reported in 1924 and paid in 1925.

Records show that only 198 persons in the county had a taxable income of more than \$4,000 in the year 1923. Although their aggregate income amounted to only one-fourth of the total tax on individuals, yet by the operation of the sliding scale of income tax rates, their joint income tax totaled \$38,502.22, or about 48-10 per cent of the county total.

The bulk of the income tax payers of the county had taxable incomes of less than \$2,000. But these 5,007 of the 5,597 tax payers paid only one-third of the total tax of the county. Their joint income amounted to one-half of the total.

**TWO \$25,000 INCOMES**

The largest taxable incomes reported were between \$25,000 and \$30,000, and only two residents reported that amount. Their joint income was \$55,579 and their joint tax \$9,026.52.

Other large incomes were two reports of \$20,000 to \$25,000 incomes, eight of \$15,000 to \$20,000 incomes, and twenty-one of \$10,000 to \$15,000 incomes.

What the relation of a net taxable income to the gross income is depends upon the exemption a taxpayer claims as a married or single man, the exemption for children and other dependents, and deductions for certain classes of taxes paid, bank dividends received and money contributed to charity and religion.

The actual net taxable income of individuals for the year 1923, in this county was \$5,222,115, and the tax now being paid on it is \$80,501.44. Additional revenue accrues from back taxes and income taxes of corporations. The number assessed was 5,597.

**MANUFACTURERS LEAD**

While no report on incomes of classified occupations was tabulated this year, the tabulation of the previous year showed that the most lucrative occupations ranked in the following order: Manufacturers, trustees of estates, physicians, lawyers, bankers and capitalists, merchants and jobbers, brokers and salesmen, retired and unoccupied, public officials, miscellaneous professions, public service employees, professors and teachers, farmers, mechanics and tradesmen, bookkeepers and clerks, common laborers and public employees.

The average net taxable income (not gross income) for manufacturers was \$6,200, that for physicians \$3,200,

## ONLY 3 DAYS LEFT TO BUY DOG TAGS

Dog owners are tardy in applying for dog licenses, according to Fred B. Bachman, city treasurer. Thus far he has sold only 234 licenses, and but three days remain in which to collect more than half of the dog taxes. It is estimated that there are about 700 dogs in the city, for nearly that number were taxed last year.

Nearly \$70,000 was added to the general tax funds Monday and Tuesday. On the first day a total of \$30,802.51 was collected, and the second day's collections amounted to \$38,530.52, which brings the season's total to \$536,973.75.

## BIGAN RECOVERING FROM FALL FROM MOTORCYCLE

Wilbur Bogan, county pioneer motorcycle officer who was knocked off his motorcycle by an automobile on John-st Saturday night, is recovering rapidly from the injuries. He was bruised considerably, but contrary to current reports, no bones were broken.

lawyers \$2,700; merchants \$1,700; bankers \$2,100; professors and teachers \$800; farmers \$700; mechanics and tradesmen \$600; bookkeepers and clerks \$500 and common laborers \$400.

Listed according to taxable incomes and taxes, two persons paid a tax of \$2,026.52 on incomes of \$25,000 to \$30,000; two paid \$2,230.26 on incomes of \$20,000 to \$25,000; eight paid \$6,567.23 on incomes of \$15,000 to \$20,000; one paid \$508.49 on an income of \$14,000 to \$15,000; four paid \$2,032.71 on incomes of \$13,000 to \$14,000; three paid \$1,277.73 on incomes of \$12,000 to \$13,000, five paid \$1,812.15 on incomes of \$11,000 to \$12,000; eight paid \$2,242.88 on incomes of \$10,000 to \$11,000; ten paid \$3,119.79 on incomes of \$8,000 to \$10,000; ten paid \$1,943.85 on incomes of \$6,000 to \$8,000; 13 paid \$2,557.77 on incomes of \$7,000 to \$8,000; 27 paid \$3,657.31 on incomes of \$6,000 to \$7,000; 33 paid \$3,095.25 on incomes of \$5,000 to \$6,000; 78 paid \$5,042.37 on incomes of \$4,000 to \$5,000; 122 paid \$5,436.05 on incomes of \$3,000 to \$4,000; 268 paid \$7,761.85 on incomes of \$2,000 to \$3,000; 798 paid \$11,467.87 on incomes of \$1,000 to \$2,000; 4,214 paid \$16,933.28 on incomes under \$1,000.

## BLAINE NOMINATES STATE OFFICERS

Wisconsin Rapids Judge Appointed on State Tax Commission

Madison — Nominations for ten appointive positions today were transmitted to the state senate for confirmation by Governor John J. Blaine. Chief among them was the selection of William J. Conway of Wisconsin Rapids as member of the tax commission to succeed Thomas E. Lyons of Superior for the unexpired term and for the full term of eight years.

Mr. Lyons submitted his resignation two months ago to become effective February 1. His term expires next May.

The present incumbents with one exception were reappointed by Governor Blaine for the other positions. The list of those named to succeed themselves includes:

Adolph Kanneberg, Milwaukee, member of the railroad commission, for the six-year term beginning the first Monday in February, 1925.

J. Q. Emery, of Abilene, dairy and food commissioner, for the term of two years.

Thomas J. Cunningham, Chippewa Falls, supervisor of oil inspection, term of two years.

Senator George Staudenmayer, Portage, member of state highway commission, term of six years.

B. J. Castle, Madison, state civil service commission member, term of six years.

Dr. William F. Lorenz, Madison, member state board of control, term of six years.

Ernest N. Warner, Madison, member board of conciliation, term of three years.

William Maunthe, Fond du Lac, member board of conciliation, term of three years.

## Nash Introduces New Low Priced Advanced Six Sedan

Nash is introducing a "Surprise Car" at the Automobile Shows in a brand new five-passenger Advanced Six Sedan, priced at the low figure of \$1485 f.o.b. factory.

It has been rumored for several weeks that Nash was planning to announce an enclosed model of this type, powered with the big Nash Six motor, but dealers and visitors at the various shows who have seen the car have been taken completely off their feet by the extremely fine custom-built quality of the coach work construction in striking contrast to the low price named. It is doubtful if any model ever introduced by Nash Motors has caused such wide-spread comment.

Nash also is displaying, for the first time at the Automobile Shows, a beautifully-built Advanced Six Victoria.

"Mounted gracefully close to the roadway on the 121-inch Advanced Six chassis

the new sedan is a charming picture of motor car beauty," says E. H. McCarty, General Sales Manager of The Nash Motors Company. "It's pleasing length and closeness are accentuated by the trim bevel heading which completely encircles the body. The doors are exceptionally wide. And in the interior snugness has been achieved without sacrifice of comfort. There is a spacious room for five full-grown passengers to recline in perfect ease.

"The deep, restful seats are upholstered in a choice grade of mohair cloth. Appointments and fixtures reflect good taste and refinement. This beautiful low-priced sedan is a deliberate attempt of Nash engineers to build an enclosed car value of high quality at the least possible price. There is little doubt but that it will prove an outstanding attraction at the Shows.

## HOTEL OWNER IS CUT WITH KNIFE IN STREET FIGHT

Injured Man Refuses to Prosecute Assailant Who Slashed His Face

Menasha—Harry Schwartz, proprietor of the Farmers Home, 544 Broadway, was cut on one side of his face with a knife about midnight Tuesday night during an altercation with Michael Sheehan, a St. Louis printer formerly in the employ of a local publishing concern. The gash extended from his ear to the lower part of his chin and required more than a half hour to close.

The trouble started in a restaurant and was continued in the street. Sheehan was arrested as he was about to take a taxi for Chicago. He is being detained at the police station and will be arraigned before Judge John Chapman Wednesday afternoon. Because of Schwartz's refusal to prosecute, it is possible Sheehan will be charged with assault and battery.

## NURSE WILL DECIDE ON MILK LUNCHES

New Health Worker is Making Study of Conditions in Schools

Menasha—Whether milk will be provided for the school children of Menasha will be determined within the next few days by Miss Caroline Schickman, newly appointed school nurse. At present she is making a survey of conditions and upon her report will depend whether it will be restored. The milk is paid for by parents who can afford it, and is provided free of cost to the children of those less fortunately situated.

It is expected there will be a heavy demand for seats not only by Twin City people, but music lovers of Appleton, Kaukauna and Oshkosh, who are planning to attend.

## TAYCO-ST RESIDENT DIES IN APPLETON

Menasha—George Resch, Tayco-st, died Tuesday at Appleton where he submitted to an operation two weeks ago. He is survived by his widow, two sons and three daughters and several brothers and sisters.

## GETS PHOTOGRAPH

Menasha—O. H. Plenzke has received a large photograph of John Callahan of Madison, state superintendent of schools, who was his predecessor as school superintendent for more than 15 years. The photograph was the gift of the state official.

## CHANGE STATION MANAGERS

Neenah—The resignation of Arthur Gutzman as manager of the North Commercialist filling station has caused changes to be made at the other stations. Mr. Gutzman's place will be filled by Reuben Eckrick who has been transferred from the South Commercialist station. The South Commercialist station will be in charge of Morgan Vandernoyden hereafter.

# ELECTRICIAN IS SAVED FROM DEATH

Frank Larkee Is Made Unconscious by Violent Shock—Companion Rescues Him

Weyauwega—Frank Larkee, engineer at Weyauwega Light and power company's plant, had a narrow escape from electrocution on Sunday afternoon. At about 4 o'clock, while putting insulation tape on a wire connection, he received a shock from a wire carrying 2,300 volts. Ernest Neuschacter, helper, was nearby and pulled a chair from under Mr. Larkee. He fell to the floor unconscious and rained after a few minutes but was very weak for the rest of the afternoon. One finger on his left hand was burned in two places.

H. D. Denniger, for 35 years the only photographer Weyauwega possessed, and an early resident of the village, sold his studio and business on Saturday to Mrs. Harvey Shreve. Mr. Denniger will continue the insurance business. He will spend a few weeks at Fond du Lac at the home of a brother. Mrs. Shreve has done a great deal of photograph work and, after doing a little remodeling and installing some up-to-date equipment, will open her studio to the public about March 1.

The third number of the lecture course, the Royal Treasures, was presented at the gymnasium of the school building Saturday evening. The entertainment was of the best class and greatly enjoyed. The fourth and last number of the course will be an impersonator and will take place some time in February.

## WOULD MARK DANGER SPOT IN LAKE ICE

Neenah—The names of the two Appleton young men who broke through the ice off the mouth of the Neenah river Monday evening, have not been learned. Tuesday afternoon they returned to the lake to get their car which they had left when it could not be started but were not seen by people on this shore.

An effort to mark the dangerous spot in the ice has been suggested to guard against further accidents. The ice looks solid but is being continually washed away from beneath by the current in the river, making it thin and unsafe.

The truck which went through the ice Sunday morning is still in the lake as the owners have found no way to bring it to the surface.

## TWIN CITY NURSES WILL HAVE OFFICIAL REGISTRY

Neenah—Theda Clark hospital was the scene of the second get-together meeting of the private duty nurses of the Twin Cities, Tuesday afternoon. Miss Stewart, superintendent of the hospital, was present and plans for an official registry were discussed. The purpose of the registry is to give the public, the doctors and the hospitals a better nursing service. The meeting was attended by all of the private duty nurses in Neenah and Menasha.

## CENTRAL CHARITY ORGANIZATION IS PLAN AT NEENAH

Consolidation of Charity Work Is Needed to Avoid Duplication

Neenah—To unite all charity work under one head is a proposition soon to be launched in Neenah. There are several lodges and clubs which do much for the poor, especially at Christmas, and in some cases families receive help from several sources.

The idea of the consolidation of charity work is to form one organization which will include all the lodges and societies so the work can be carried on systematically. Names of the needy families will be listed and meetings will be to assure cooperation.

The matter will be taken up at meetings of lodges in the near future.

## CO. MAY QUIT GAME FOR SEASON

Lack of Support Discouraged Promoters of Military Team Basketball

Neenah—Thursday's basketball game between Co. I of Neenah and Hedtke Chocolates of Oshkosh, may be the last game for the Neenah team this season. Patronage at the games in the armory has not been up to the former years and the expenses larger than the receipts.

The Minneapolis team which appeared here a few weeks ago was about as good as could be brought here and the amount taken in for this attraction was less than the expenses.

The game Thursday evening is for members of Co. I. The proceeds to be turned into the meat store to buy "extras" while the company is at Camp Douglas.

## NEENAH PREPARES TO MEET APPLETON

Neenah—The Neenah high school basketball team under Coach Christoph is practicing each evening for the game with Appleton high school here Saturday evening. This is expected to be Neenah's hardest game as the Appleton team will come down with one of the strongest teams that school has put on the floor for several seasons. As a very large representation from Appleton is expected at this game the armory will be used instead of the Roosevelt gymnasium where Neenah has been playing its games this season.

## NEENAH SOCIETY

Neenah—Final arrangements are being made for the bazaar to be given Friday evening by the Lady Eagles in their hall. A radio set will be given away. The proceeds will be used to outfit the drum corps of the Eagles lodge.

Jamie Heron of Chicago, addressed a general assembly at the high school Tuesday afternoon. Mr. Heron was brought to Neenah for a talk before the Neenah club at the weekly luncheon and spent the afternoon with the high school pupils.

Hard times will be shown in costumes to be worn at the third annual party given Thursday evening by the Knights of Pythias. Prizes will be given to the couple wearing the "hardest looking" outfit.

Neenah Parent and Teachers club will meet in Kimberly high school on Wednesday evening, Feb. 4. The party is arranged by three committees: Reception—Miss Fraser, Miss Hubbard, Mr. Trexell, Mr. Christensen and Mrs. Roberts; refreshment—Miss Peters, Miss Barnett, Miss Summer-ton, Miss Dick, Miss Peterson, Miss Case; program—Miss Gosselin, Miss Williams, Miss Garvey and Miss Steves. The usual musical program will be dispensed with in favor of a talk by the doctor who will be in the city to conduct tuberculosis examinations. Parents are asked to be present at this meeting.

The Forensic club of the high school met Tuesday evening and held an informal debate on whether a general assembly should be held daily in the high school.

A number of young people were entertained at the home of Bernard Blank, Fifth-st., Tuesday evening. Schafkopf was played, the honors going to Wallace B. Swentner.

Mrs. P. Prebenson entertained a few ladies at a dinner at her home on Water-st. Tuesday evening. The affair was in honor of her birthday anniversary.

Friends of Mr. and Mrs. Earl Boesch and Miss Elsie Schultz were entertained at a dancing party at the home of the former on Chestnut-st. Tuesday evening. Dancing continued until midnight. Out of the city guests were Dr. Edward Peterson, Dr. Edward Reicher and Dr. Henry Schultz of Milwaukee.

Mrs. William Nash will be hostess to the Thursday Afternoon Card club at her home on Lake-st, Thursday.

Mrs. Robert Martin as installing of floor and Mrs. Joseph Boisenstein ceremony of the parish, the recently elected officers of the Royal Neighbors were seated at Eagle hall, Tuesday evening. Those to be installed were: J. Pulger, orator; Mrs. H. Lillcrap, poet orator; Mrs. G. Nutter, vice orator; Mrs. M. Rohloff, chancellor; Mrs. H. Julius, recorder; Mrs. William Christensen, collector; Mrs. H. Stefens, inner sentinel; Mrs. W. Fagel, outer sentinel and Mrs. Byron Bell, manager.

## DEATH TAKES YOUNG WOMAN AT WINCHESTER

Neenah—Miss Gertrude Johnson, 30 daughter of Samuel Johnson, town of Winchester, died Tuesday. The father, and two brothers, Wallace, Winchester and Harvey of Tomahawk and one sister, Mrs. Nela Bergstrom of Chicago, survive. Short funeral services will be conducted at 1 o'clock Thursday afternoon from the Sonerson chapel and at 2 o'clock at the Winchester church, with the Rev. Mr. Madland in charge.

## LADY EXPERT COMING TO HELP RUPTURED WOMEN

Demonstrates Rice Method Free to All

Miss Virginia Perkins, representing William B. Rice, Adams, N. Y., inventor of the famous Rice (Non-Surgical) Method for Rupture will be at Conway Hotel, Appleton, Wis., Saturday, Jan. 31 to demonstrate a new special corset attachment that holds any rupture no matter how large. Even if the abdomen is very fleshy, it holds any rupture with ease, comfort and security.

## Every woman Who has been compelled to wear an ordinary truss or abdominal support knows the gouging, cutting and chafing caused by narrow bands.

The weight of the abdomen or pressure necessary in holding the rupture must be carried by the band around the back, and the pressure is sometimes very great, causing untold suffering. The special, broad supporting corset back distributes the pressure so as to do away with Special Combined all cutting and Rupture and Corset chafing.

There are thousands of women who are in perfect misery because they cannot find anything that will hold their rupture and the abdomen at the same time. The appliances usually worn are hot, bulky, chafing and irritating. But this wonderful Combined Corset Back Support is light, flexible, durable and cool and fits the figure like a glove. It gives you a sense of absolute comfort and protection while at the same time greatly improving abdominal outlines.

Trusses in common use are not adapted to women and often do great harm. Women therefore, suffer more and are in greater danger from rupture than men, and all women, who have ruptures or who wear an abdominal support of any kind, should not fail to call and see this wonderful Combined Corset Back Support. No description or illustration can fully convey the remarkable utility of this splendid Support. It must be seen; it must be put on to convince any woman that it was designed for her.

Miss Perkins takes a large woman just as she is, all out of shape and unsightly and by this remarkable Corset Support gives her a natural, neat, trim figure.

She will also give full instructions on how to handle and care for any rupture, large or small. She will show how to hold any kind of rupture from the simple groin and femoral to the large and difficult Navel and after Operation Ruptures, without chafing or squeezing, also how to wear the corset correctly.

Don't let this great opportunity get away from you. Don't continue to suffer the burden of rupture and truss wearing when it is so entirely unnecessary. Your call on this Lady Expert is sure to prove one of the best things you ever did. She will be there only one day, then your opportunity will be gone. The fitting and demonstration are free. It don't cost you a penny to learn about the Rice Method and the wonderful opportunity for help it offers in your case. After demonstration you can purchase the outfit required if you wish.

Call any time from 9 to 12 a. m., 2 to 5 p. m., or 7 to 9 evenings. Just ask at the hotel desk for the Rice Representative and she will do the rest.

W. B. Rice, Inc., Adams, N. Y.

# NURMI SETS NEW WORLD'S MARK FOR SHORT RACE

## SIX RECORDS ARE BROKEN IN GAMES OF MILLROSE A. A.

Willie Ritola Smashes Four Marks in Three-mile Race in Gardens

By Associated Press  
New York—Six world's records, one of them made by the relentless Peavy Nurmi of Finland, were established Tuesday night in the annual games of the Millrose Athletic Association in Madison Square Garden. Willie Ritola of the Finnish-American Athletic Club, broke four in a three-mile race, and Harold Osborn of the Illinois Athletic Club jumped six feet, six and a quarter inches high, erasing the mark set by Leroy Brown of Dartmouth.

Nurmi's accomplishment, perhaps, was the most remarkable for he conquered Joe Ray of Chicago and Jimmy Connolly of Washington in a race of three quarters of a mile, the shortest distance he has ever attempted in this country and one believed to have given the American titleholder, Ray, the best opportunity he has had to defeat the Finn.

Nurmi, who in a field of six was last to get away climbed steadily in the line until only Connolly and Ray were ahead of him, and then with a lap to go, set such a furious pace that the field was ten yards behind at the end. Nurmi was looking over his shoulder as he ran the final 1,000 yards. His time was 3 minutes 3 4/5 seconds.

But Nurmi had to share the glory of the evening, for Ugo Frigerio, a little dark skinned mite from Milan, Italy, who walked, waved and smiled his way to victory in the Olympic games, did the same in his first exhibition on broad tracks. Far different from Nurmi is Frigerio. The Finn is reticent to the point of shyness and actually flees publicity. The Italian revels in the cheers of the throng.

**FACES HARDEST TEST**  
Frigerio was not extended in his first start, a three mile event, but will have a good test Wednesday night, about the best this continent can give, when he faces George Goulding of Canada, former Olympic champion, who is appearing in New York for the first time in eight years, and Willie Plant, the best in the United States.

Ugo was watched closely Monday night for faults in his walking stride, which has been termed illegal. He proved himself, as far as Americans are concerned, to the extent that a petition has been sent to Italy asking that the champion be permitted to enter all amateur meets during his stay in this country. Originally he was scheduled for only two.

Goulding participated in a two-mile event and was beaten by a man who had a comparatively short handicap but he undoubtedly lost considerable ground through two falls. Frigerio kept check on his next opponent's style sitting at the side of the track.

About everything possible for one night had happened when Willie Ritola appeared for the three-mile run, in which Verne Booth, former Johns Hopkins star, and Ilmar Prim of the Finnish American Athletic Club proved to be his leading antagonists. Booth, who finished second, and was more than a lap behind, in a test that established four world marks and clipped seven and three fifths seconds off the indoor record for the full distance that Ritola established in Brooklyn last Saturday night.

His other new times were:  
Two and one quarter miles 10:33 2/5; two and one half miles 11:46 4/5; two and three quarters miles 12:57 4/5. He held all of the former records.  
Loren Murchison, greatest of indoor dashmen, defeated Jackson Scholz, winner of the "220" at the Olympic games in Paris in the 60-yard sprint.

## ATHLETICS CHIEF RIVALS OF CHAMPS

Connie Mack's "Mystery Team" Will Keep Most of Its Veterans

Philadelphia, Pa.—Connie Mack's Athletic, the mystery team of 1924, are looked upon as the most strengthened rival of the Washington Senators and New York Yankees in the quest for the 1925 American league flag.  
The sensation to the league early in 1923, only to flop back at midseason, the Athletics played better ball after July 4, of last season in games won than any other team in the league. Connie Mack has few predictions to make. He is standing pat on the team that finished the 1924 season in such excellent style but is hopeful that added strength to his battery departments will put his club in the race.  
The advance guard of the Athletics consisting of the batterymen will leave for Fort Myers, the new Florida training camp on Feb. 20. Ten days later the regulars will leave.

**BOTH HIT SAME**  
McNeely, Washington and Lamar, Athletics, two recruit outfielders last season, busted the old gate for the same average—.330. McNeely was in 42 games and Lamar in 87.

## Kimberly Will Play Niagara Falls Five For Mill Cage Title

Winners of Elimination Contests in Second Annual Tourney Get Chance at Championship

Kimberly—Kimberly and Niagara Falls Wednesday night will fight for the Kimberly-Clark mill basketball title by virtue of victories over Neenah and Niagara, respectively, in the elimination games Tuesday night in Kimberly clubhouse. Niagara Falls easily defeated the Niagara five, 32 to 14, in the first game, while Kimberly walked away from Neenah, 26 to 15.

The Easterners played a good brand of basketball, but used the man for man defense, which puzzled the Niagara team, and forced it to drop behind, 10 to 8, at the end of the half. The Falls team worked a smooth passing game and never allowed its rivals to get under the basket.

In the second game Kimberly took a 22 to 3 lead over Neenah in the first half, but in the next half Neenah came back strong. The Twin city cagers scored 12 points after the first half, meanwhile holding Kimberly to 7. Both teams played a fast game, and the large crowd in attendance was kept on its toes most of the time.

Judging from the showings made by the teams Tuesday, the finals should be much closer and more exciting. The title contest between Kimberly and Niagara Falls will be especially interesting. Kimberly depends entirely on a five-man defense system, while the Falls team uses the man-for-man plan. Both teams are averse to long chances. In Tuesday's game hardly a shot was tried from beyond the foul line.

The games will be played in the Kimberly club house and start at 8 o'clock.

## CALL OFF JOHNSON'S "CHARITY" APPEARANCE

Grand Rapids, Mich.—When a local charity supposed to be the beneficiary of funds raised by the fight, disclaimed all connection with a meeting between Jack Johnson, former world's heavyweight champion, and "Tut" Jackson of Washington Courthouse, O., the bout was cancelled. It was proposed as a ten-round affair for Feb. 12.

## VOCATIONAL FIVE MEETS KIMBERLY

Appleton Vocational school basketball team will play one of its most important games of the season Friday evening when it meets the Kimberly High school five in the Y. M. C. A. gymnasium. The Kimberly quintet gave Coach Packard's boys a hard battle at Kimberly recently, the local boys squeezing out on the long end of a 19 to 16 score and the visitors are coming "loaded for bear." Packard's crew will go through several hard practices this week.

## LONG SHOTS GIVE ST. NORBERT FIVE WIN OVER SIGMAS

Lawrentian Fraternity Quintet Takes Place of River Falls Team

Two baskets from beyond mid-floor in the closing minutes of play, gave the St. Norbert college basketball team a 23 to 22 victory over the Sigma Phi Epsilon fraternity of Lawrence college Saturday evening in the West Del'ere High school gymnasium. The game was hard-fought and the Lawrence men held a two-point margin until the whirlwind finish of the DePere collegians. The St. Norbert boys had conquered the strong DePere team last week and were booked to play Platteville in the same game was cancelled the last minute and the Lawrence players substituted on a day's notice. The Sigmans lead at the half by a score of 10 to 8. Packard was the scoring ace of the fraternity team with 6 baskets to his credit, while the work of Beth and Nesbit, De Pere forwards, copped the victory for the home team. Sigma Phi Epsilon has a game scheduled with the strong Hortonville Merchants for the last part of February.

## The Referee

How many players has the University of Iowa placed on Walter Camp's All-America elevens?—W. A. C.

Iowa has placed two, Aubrey Deane and Gordon Locke, both back-field men.

What was the highest mark Hans Wagner ever reached in batting?—H. R. C.

Wagner's best batting average was .380. It was made in 1900, his first year with Pittsburg.

When did Jack Dempsey win the world heavyweight boxing championship?—T. I. W.

Dempsey won the title at Toledo, O., July 4, 1919, knocking out Jess Willard in three rounds.

Greenberg, N. C. — "Kid" Peck, Georgia lightweight, was awarded a decision over Lou Guglielmi, in the third round as a result of fouls.

## CORNELL INVADERS LAWRENCE FRIDAY FOR CAGE CONTEST

Cornell college is the next rival of Lawrence slated to meet the Blues in Armory G here Friday evening, with Beloit, Marquette and Coe scheduled to invade Appleton in succession on Friday, Feb. 6, Tuesday, Feb. 10, and Saturday, Feb. 14, respectively.

Little is known of the Cornell team this year beyond the fact that it has defeated Knox and lost to Beloit and Carroll. It is said to have a high scoring quintet whose defense is not up to the rest of its game. However, Coach Denney is taking no chances and plans to put his men through their usual heavy schedule of workouts after allowing the regulars to rest after their games with Carroll and Marquette.

Beloit recently defeated Ripon which gave the Lawrenceans a hard fight here. Lawrence has beaten Marquette on the latter's home court, while Coe also defeated Ripon.

## Valley Cue Stars Play For Crown

McCoy of Appleton and Drawenck of Kaukauna Thursday evening will cross cues in the first game of the Fox River valley pocket billiard tourney, recently announced by Harold Pindle. The game will be for 125 points and will start at 8:30 in the Carr, Hansen and Pindle parlors on Appleton-st.

Most of the good players in the Fox River valley, from Oshkosh to Green Bay, are entered in the tournament, which promises lively competition. All games will be played in the Carr, Hansen and Pindle parlors, and the various billiard and pool rooms represented have offered prizes to the winners in addition to the valley championship and a chance for the state title.

No admission is charged for the games, and the public is invited to attend. Space for spectators is limited which makes it advisable to get there early.

Fort Dodge, Ia.—Wormie Smith, Oakland middleweight, knocked out Joe Ohara Ft. Dodge in the first round of a scheduled ten-round bout.

## BLUE TRACKMEN IN SORORITY RELAYS

Lawrence trackmen, representing the various sororities of the Appleton college, Thursday afternoon will compete in a series of relays in Alexander gymnasium. The first relay will be run over a one-mile course which consists of 23 laps on the indoor track. The second will be a half-mile event. Teams will run against time, the lowest winning in each event.

Rehbein, (captain), Nusse, Snider and Nason will represent Alpha Gamma Phi in the first event and Kappa Delta in the second. Stair, (captain), Clann, Lochlin and Cookson run for Delta Gamma in the first and Kappa Alpha Theta in the second. Rediger, (captain) Larson, Sorenson and Donald Hyde represent Phi Mu in race No. 1 and Beta Alpha in No. 2, while Nobles, (captain), Kingsbury, Purvis and Douglas ride race for Zeta Tau Alpha and Alpha Delta Phi.

**RING IN PHILADELPHIA**  
Jimmy Ring of the Phillies was the "wild man" of the National League last season. Ring walked 108 batters. He also made five wild pitches.

# LUCKY STRIKE

It's TOASTED

### Facts About Taxes on Cigarettes

TO the general public, we believe it will be surprising to learn that nearly half of what they pay for cigarettes goes to the government for taxes.

The internal revenue stamp on a package of twenty Lucky Strike cigarettes costs you six cents. On a 75c tin of one hundred the revenue stamp costs you thirty cents.

So nearly one-half of what you pay for cigarettes is spent by you for taxes.

This is certainly the heaviest tax on an article of daily and universal consumption.

### The Tobacco Industry and Taxes

The aggregate tax paid by the tobacco business is with one exception, income taxes, the largest item of internal revenue the federal government receives. Last (fiscal) year it amounted to \$309,014,050.84.

Of this enormous amount of money the cigarette industry paid \$182,715,735.93, or nearly two-thirds of the total tax paid by the entire tobacco business.

We believe you will appreciate that when nearly fifty cents of every dollar paid by you for cigarettes goes to the government, you must receive in cigarettes a value in return for your money that is rarely given in any commodity.

That the public appreciates this great value is shown by the enormous increase in the consumption of cigarettes.

### Our reasons for this tax free offer

We know this offer induces men to try Lucky Strikes—it "Wins More Friends."

We know that a large percentage of those who get acquainted with Lucky Strikes adopt them.

This isn't philanthropy nor propaganda—just good business, as you'll agree.

The offer is limited. We cannot afford to keep it up.

We make it generous, to attract attention.

### Super-quality

Only by immense volume can we produce such an aristocratic cigarette as Lucky Strike at such a democratic price.

Its quality is supreme because it has that costly extra process, *toasting*, which improves the flavor and adds to the taste of even the finest tobaccos that are used in Lucky Strikes.

### Cleanliness and Care in Manufacture

Every Lucky Strike factory is a model of sanitation. Read how Alfred W. McCann, the noted food expert, describes one of our factories: "White walls and ceilings, floors as clean as freshly chiseled marble, cutting machines and wrapping machines that take away from the human hand all detail and leave nothing to the human supervision but the watchfulness of trained eyes."

We know a trial will make you a permanent customer of ours.

# EXPECT ACTION IN PIN TOURNAMENT WHEN APPLETON OPENS UP

Tuesday Is Quiet With Booster  
Teams Rolling Usual  
Scores

Fond du Lac — Turning in a score of 2,227, the highest mark rolled by a Tuesday booster team in the state bowling tournament here, the Excelsior team on Tuesday featured a very quiet day which was turned over exclusively to good fellowship. Forty-five men teams took the drives during the day, and their marks were the customary booster figures. A similar condition will prevail on Wednesday, when four more squads of boosters will hold sway.

Following these two days of comparatively inactivity, assault on the pins by state teams will be resumed Thursday night when several strong teams from Milwaukee, Appleton and Hartford take the alleys. From then on the "soft" spots will be few and far between until the last day of the tournament.

Fond du Lac — Fond du Lac en- trants in singles and double events in the state bowling tournament did little but dance to the tune of the state as they took to the alleys for the first time Tuesday. A Lange tied Ben Clauson of Milwaukee for fifth place in the singles with a 618 score. He bowled games of 171, 212 and 236. He had a good chance for a record score in his last game, but a disastrous split kept him from going closer to the top.

LONG PROGRAM  
Starting Thursday morning, bow- ling will commence at 9 a. m. with the singles and doubles and continue to the last five men suits at mid- night. This schedule will be main- tained daily until the last day of the tournament, Thursday, Feb. 28.

# SMITH KIDS AGAIN BEAT BRETTSCHEIDER KEGLERS

Smith Kids Monday night took  
their second match from the strong  
Brettscneider Furniture team on the  
Olympic alleys, winning by a 9-pin  
margin after coping two out of  
three games. Last week the Smith  
Kids took the match although they  
dropped two out of three games. J.

# BUSHEY CLAIMS MORE WINS FOR WAUPACANS

According to a report from Fred  
Bushey manager of the Waupaca  
League, the team now touring Michi-  
gan has added two more vic-  
tories to a long string by defeating  
the Dollar Day Independents 12 to 7  
and the Albion 39 to 21. The  
Waupaca team, so Bushey says, was  
outscored in the first half of both  
games but pulled for a win in each  
one. The Dollar Day game was the  
first lost by the Independents on their  
home court in three years.

# MAROON-REFORMATORY CAGE TILT POSTPONED

Kaukauna — Kaukauna Maroon  
and the Green Bay Reformatory  
quintet have postponed their basket-  
ball scheduled for Kaukauna, this

French Tennis Queen Recovers Health After Helen Wills  
Returns to Home on Coast

MISS. SUZANNE LENGLEN

Here is a late picture of Miss. Suzanne Lenglen. She looks mighty well  
for a person reputed very ill, probably out of tennis for good.  
Perhaps her improvement in health is due to the fact that Helen Wills  
is in California, not Europe. Recently she made her first appearance in a  
singles match since she retired in June.  
Her health was so poor she didn't lose a game.

# SO BIG AGAIN IN GREATEST DEMAND

Showing of Film Version Re-  
vives Interest in Edna  
Ferber's Story

Again and again it is demonstrated  
that motion pictures have a great ef-  
fect upon the popularity of the books  
they are adapted from, and while it  
can hardly be said that "So Big" by  
Edna Ferber has the film by the same  
name to thank for its popularity, yet  
the showing of the film here a short  
time ago has started Appleton folk  
again to read and talk "So Big".  
The library report for last week shows  
that this book was most in demand  
and the librarians believe that the re-  
newal of its popularity can be traced  
to the picture, since those who saw  
it wanted to read the book, provided  
they had not done so.  
"The Thundering Herd," a new  
book by Zane Grey, was the choice  
of a great many persons. Zane Grey  
is always popular, and his followers  
await his new novels eagerly. "The  
Thundering Herd" is a story of the  
pioneer and centers in the destruction  
of the herds of buffalo. This is said  
to be one of Grey's finest novels.  
Other books that were in demand  
last week were "Professor, How  
Could You?" by Harry Leon Wilson,  
"The Little French Girl" by Anne  
Douglas Sedgwick and "The Whites  
Monkey" by Galsworthy.

# DEATHS

GEORGE PERRY  
George PERRY, a former Appleton  
resident, died on Jan. 22 in Los An-  
geles, according to word received  
here by Mrs. William Martin, 450  
North-st. The funeral was held on  
Saturday. Mr. Perry was about 70  
years old. He lived for 35 years at  
the corner of Minor and Rankin-sts  
and was engaged in the milk dis-  
tributing business. He moved with  
his wife to Los Angeles three years  
ago to make his home with his daugh-  
ter. He is survived by his widow,  
two sons, Roy and Harold, and a  
daughter, Mrs. George Ziegler, all  
living in California.

SISTER SERAPHINE  
Sister Seraphine (Ellen Morrissey),  
a former resident of this city and  
a pioneer member of the Sisterhood  
of St. Agnes, assistant to the mother  
superior and co-worker in the admin-  
istration of the Fond du Lac convent  
died Monday afternoon at St. Agnes  
hospital, Fond du Lac after an illness  
caused by heart trouble and pneu-  
monia.

Sister Seraphine was born June 18,  
1855 in Appleton, residing on a farm  
south of the city for several years. She  
entered the convent in 1870 and for  
many years was a teacher in the con-  
vent school and at the old St. Joseph  
school at Fond du Lac. During the  
later years of her life she devoted her  
time to convent work.

She is survived by a brother,  
Thomas Morrissey of Antigo; two sis-  
ters, Miss Hannah Morrissey of Fond  
du Lac and Mrs. Margaret Cleary of  
Antigo. She had two brothers in the  
priesthood who preceded her in death,  
the Rev. John Morrissey of Milwaukee  
and the Rev. Patrick Morrissey of St.  
Louis. The funeral was held at 9  
o'clock Wednesday morning from the  
convent chapel. Burial was at St.  
Joseph Springs cemetery. Mrs. Eliza-  
beth Doran, 402 Story-st. a close friend  
attended the funeral.

MRS. C. B. PETERMAN  
Mrs. C. B. Peterman, 49, died at 2  
o'clock Wednesday morning at her  
home, 552 Rankin-st. She is survived  
by her widow, her children, Mrs.  
Albert Boesch of Racine, Raymond,  
Adeline, Ralph and Thomas of Apple-  
ton, four sisters, Mrs. L. Marwig of  
Appleton, Mrs. William Klatt of Bea-  
ver Dam, Mrs. William Thomas of  
Milwaukee and Mrs. Louis Schiel of  
Whitewater; three brothers, Gerhard  
Breesa of Kimberly, Oscar Breesa of  
Wausau and William Breesa of Colu-  
mbus.

Mrs. Peterman was a member of  
the auxiliary to the Charles O. Burr  
camp, United Spanish War Veterans,  
and a member of the Woman's Relief  
corps.

The funeral will be held at 2 o'clock  
Friday afternoon in Riverside chapel,  
with Dr. Virgil Scott in charge.

\$130,000 GROWTH  
IN RESOURCES OF  
APPLETON'S BANKS

Checking Accounts Show De-  
crease but Saving De-  
posits Are Larger

Ther size of Mr. Appleton's pocket book in the year 1924 was about as large as his 1923 purse, it appears from the statements recently published by Appleton's banking institutions. On the strength of them, 1924 was a normal year, for the volume of bank business transacted appears to be little different from that of the preceding year.

Although the checking accounts on Dec. 31 were somewhat smaller than that of the same day a year ago, savings deposits and other time deposits at the end of the year showed an increase over the accounts of Dec. 31, 1923.

Combined resources of all five local banking institutions were about \$130,000 greater than those of a year ago. The total on Dec. 31 was \$12,208,822.46, as compared with \$12,078,196.44 a year ago. Resources of the individual banking institutions were as follows: First National bank, \$6,505,318.78; Citizens National bank, \$2,475,187.45; Appleton State bank \$1,968,245.14; First Trust company, \$887,065.95; Outagamie County bank, \$421,003.10.

**NO CHANGE IN CAPITAL**  
There was no change in the capital stock of the banking houses. The total for the city was \$1,000,000, or \$800,000 in the First National bank, \$200,000 in the Citizens National bank, \$100,000 in the First Trust company, \$100,000 in Appleton State bank and \$100,000 in Outagamie County bank.

The combined surplus was \$10,000 greater than the year before, for the Appleton State bank added \$10,000 to its \$70,000. Surplus of the other houses were \$9,000 for Outagamie County bank, \$100,000 each for Citizens National bank, First Trust company and First National bank, making an aggregate surplus of \$330,000.

Undivided profits credited the stockholders of the five institutions showed an increase of \$85,000. The total was \$220,673.83, distributed as follows: First National bank, \$218,251.01; First Trust company, \$74,244.87; Citizens National bank, \$19,426.87; Appleton State bank, \$3,192.11; Outagamie County bank, \$4,353.87.

**LARGER SAVINGS ACCOUNTS**  
Appleton's four banks on Dec. 31 showed an aggregate of \$357,000 less on deposits in accounts subject to check than on the same day last year. The total of \$3,774,212.37 was divided as follows: First National bank, \$2,394,734.75; Citizens National bank, \$778,616.33; Appleton State bank, \$451,742.79; Outagamie County bank, \$153,128.50.

Appleton savers had about \$130,000 more to their credit in savings accounts than a year ago, it is apparent. The aggregate savings amounted to \$2,676,020.90, or \$1,515,352.90 for First National bank, \$475,673.34 for Citizens National bank, \$471,948.56 for Appleton State bank, \$106,085.28 for Outagamie County bank and \$8,955.54 for First Trust company.

In time certificates of deposit, Appleton State bank led others with a total of \$749,863. First National bank had \$664,457.63 on deposit, Citizens National bank had \$193,269.71, First Trust company had \$245,109.66 and Outagamie County bank had \$97,682.58. The total for the city on this item was \$1,954,875.78, or \$208,000 more than last year.

HIGHER FREIGHT  
RATES AFFECTING  
APPLETON HALTED

Commission Orders New Tar-  
iffs Suspended Until Inves-  
tigation Has Been Made

Higher freight rates which were to go into effect next week in the western trunk line territory which includes Appleton will not be applied at that time, due to notice issued by the interstate commerce commission that they be suspended until hearings have been held to determine the justice of the charges. Notice to this effect has been received by Appleton Chamber of Commerce and by R. G. Wort, local traffic expert.

The order for suspension followed the filing of protests by 400 chambers of commerce, shippers and others. Those in the Fox river valley who were affected met at Oshkosh and prepared communications addressed to the commission pointing out the injustices which would be caused.

The entire territory between Chicago, Duluth, Superior and the southern river is involved. An investigation has been started by the commission and the railroads now will be compelled to justify the proposed changes in hearings coming later. Shippers' objections will be heard at that time.

Your Income Tax

It should be noted that the revenue act of 1924 provides specifically that the status of a taxpayer relative to the amount of his personal exemptions shall be determined by the number of months the taxpayer was single, married, or the head of a family.

Under the preceding act the amount of the exemption to which a taxpayer was entitled was determined by his status as a single person, married person or the head of a family on the last day of the taxable year.

A taxpayer, who was married on June 30, 1924, is entitled to an exemption of \$1,750. For the first six months of the taxable year he is classed as a single person, entitling him to an exemption of \$500—one-half of the \$1,000 exemption allowed a single person who is single for the complete taxable year—and for the last six months he is classed as a married person, entitling him to an exemption allowed a married person living with wife or husband for the full taxable year. If one June 30 he became a widower, he is classed as a married person for the first half of the year and as a single person for the latter half. In such computations a fractional part of a month is disregarded, unless it amounts to more than half a month, in which case it is considered a full month. These figures are based on the assumption

When your back aches

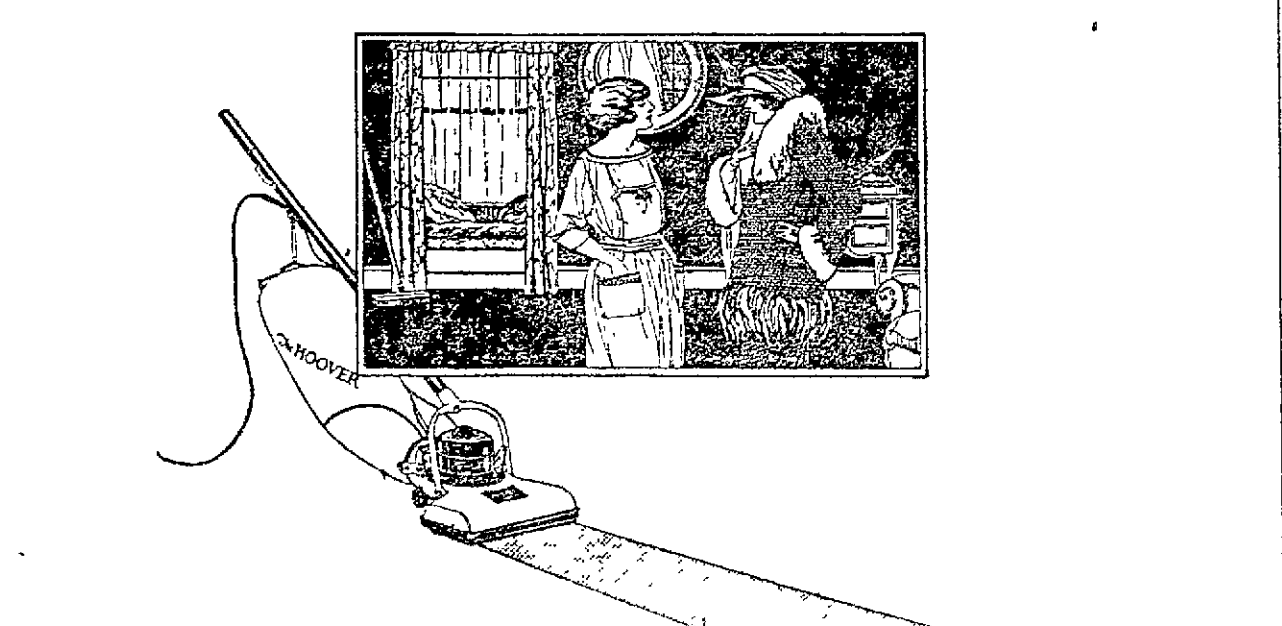

Enjoy the warming comfort  
of this quick-acting liniment

When your back is lame after a hard day, comfort those tired, overworked muscles with Sloan's. No tiresome rubbing! Just pat it on gently. The marvellous effectiveness of the liniment itself does the work. Its highly stimulating ingredients send freshly purified blood to the painful spot, and this increased supply of fresh, new blood builds up broken-down tissue and washes away fatigue poisons. Swiftly tense muscles begin to relax, aching and soreness pass away! You find yourself free of tormenting pain. All druggists—35 cents.

The HOOVER  
It BEATS... as it Sweeps as it Cleans

A Hoover Owner Knows

It takes more than muscle and a back-breaking broom—yes, even more than an ordinary "vacuum cleaner" alone, to keep rugs really clean. It takes the beating and sweeping of The Hoover. There's an air of immaculate cleanliness in the Hoover-cleaned home that cannot be found where The Hoover is not used. There's a refreshing brightness to the rug colors, and a "newness" to the nap, straightened and combed by the Hoover brush. Until you really own a Hoover you are not aware of these things. But buy a Hoover! Give your rugs a regular beating and sweeping and cleaning the harmless, quick and easy Hoover way. And you'll soon see the difference! Don't slave your life away trying to make your rugs look Hoover-cleaned. Buy a Hoover today—the easy way, on small monthly payments.

that the return is made on the calendar year basis, as most are.

If on June 30, 1924, a taxpayer ceased being the head of a family—the support in one household of a relative or relatives being discontinued—he granted the same exemption as in the case of a taxpayer married or single. A total of \$1,750. With regard to the \$400 credit for a dependent, however, it is provided that the taxpayer's status on the last day of the taxable year (December 31, if the return is made on the calendar year basis) shall determine his right to such credit. If on that day he was the chief support of a dependent who is under 18 years of age, or is incapable of self-support because mentally or physically defective, he is entitled to the \$400 credit. If during the year his support of such dependent ceased, the credit is not allowed.

5 records in 6 weeks!

**Mt. Wilson!**  
A stock Cleveland Six made this famous 6 1/2 mile California climb in 24 minutes 47.04 seconds—reducing the previous record by more than a minute and capturing the coveted Los Angeles Evening Express Trophy.

**and Mt. Diablo!**  
A second new power and performance record was hung up when a stock Cleveland Six hurtled to the top of Mt. Diablo—covering the tortuous 11.6 mile roadway in 22 minutes 36 3-5 seconds.

**and Mt. Baldy!**  
With gears locked in high, a stock Cleveland Six reached the summit of Mt. Baldy in 14 minutes 31 3-5 seconds. By this unexampled feat of high gear power and flexibility, more than 2 minutes were slashed from the existing record and the Pomona (Cal.) Bulletin Trophy was won.

**and Frisco to Portland Run!**  
Driven through blinding storms, a Cleveland Six sedan traveled between San Francisco and Portland, Oregon in 21 hours and 29 minutes. This new road record lowered by more than 4 hours the schedule of the crack Shasta Limited, famous Pacific Coast flyer between these cities.

**and 1000 Miles in 848 Minutes!**  
On the Culver City (Cal.) Speedway a stock Cleveland Six averaged over 70 miles an hour for 14 continuous hours without mechanical adjustments or even tire trouble. Never has any stock car given a more brilliant exhibition of speed and ability to withstand terrific punishment.

BY establishing five sensational new performance records in six weeks, the Cleveland Six demonstrated qualities of power, speed, stamina and roadability that have no parallel in motor-dom today!

Each in itself a feat of heroic proportions, the five records as a group constitute the most impressive proof of engineering and manufacturing greatness hitherto presented to the motor-ing public!
